Best in Books

This collection includes cutting-edge research and important thinking on global economic and financial topics such as economic theory and policy, econometrics, development economics, banking, and corporate finance.

Books feature research from the world's most renowned economic think tanks and institutions, including the International Economic Association, the International Labor Organization, the Food and Agricultural Organization of the United Nations and the Inter-American Development Bank.

This collection brings together the latest thinking from experts in professional and scholarly fields with contributions from Nobel Prize-awarded authors and top names like Paul Krugman, Joseph Stiglitz, Hal Varian, and Kaushik Basu.

2019 title highlights from our editors

Springer Nature eBooks

In 2015, the Springer and Palgrave Macmillan publishing brands came together under the newly formed company, Springer Nature. This brought together editorial teams with their subject matter expertise, coupled with longstanding publishing histories with the world's foremost authors and societies to allow Springer Nature to deliver the most complete STM and HSS book offerings available worldwide.
