## ICEDIS

Springer Nature offers subscription processing via ICEDIS for our agents. A complete AES file (a.k.a., “Agent out file”), including all Springer, Palgrave and Nature subscriptions is provided to the agent prior to the upcoming renewal season for comparison against the agent records. ICEDIS files are sent via FTP (credentials provided upon request) along with an email summarizing the files to [agentorderfiles-ny@springernature.com](mailto:agentorderfiles-ny@springernature.com) for end customers based in the Americas and [ICEDIS-row@springernature.com](mailto:ICEDIS-row@springernature.com) for end customers based in ROW. In addition to end customer location, the files should be split based on the following criteria:

**Publisher** (Springer, Nature, or Palgrave)

**Currency** (USD, GBP, EUR, or JPY)

**Price Group** (Print, Print + online, Online Only, and DDP)

The notification email should include when the payment will be sent. File processing is completed upon receipt of payment. Online-only orders should not be sent for end customers that have a license agreement with Springer for online access. Please keep in mind Springer Nature’s no cancellation policy and place your orders carefully.
