Announcing for January 2019

Three new monthly journals from Nature Research
NEW IN JANUARY 2019

natureresearch

Nature Machine Intelligence

Exciting new applications are emerging for intelligent machines and software, with the availability of large datasets, substantial computing power and breakthroughs in algorithms. *Nature Machine Intelligence* will publish research that underpins artificial intelligence and robotics, exploring how these advances will lead to the next phase of the digital age.

Nature Metabolism

Metabolism research is growing, due to the great urgency to learn how metabolic pathways influence diseases with huge societal impact, such as obesity and diabetes. By publishing top research and fostering the cross-pollination of ideas, *Nature Metabolism* will be essential reading for researchers working across the spectrum of metabolic research.
