Criminal Justice and Mental Health

An Overview for Students

- Provides an accessible overview of mental health for criminal justice students
- Explores involvement of mental illness with each step of the criminal justice system
- Presents recommendations for mental health of criminal justice professionals

This textbook provides an overview for students in Criminology and Criminal Justice about the overlap between the criminal justice system and mental health. It provides an accessible overview of basic signs and symptoms of major mental illnesses and size of scope of justice-involved individuals with mental illness. In the United States, the criminal justice system is often the first public service to be in contact with individuals suffering from mental illness or in mental distress. Those with untreated mental illnesses are often at higher risk for committing criminal acts, yet research on this population continues to shed light on common ...

Perspectives on Elderly Crime and Victimization

- Explores trends in elderly criminality and victimization
- Provides overview of crime types that target elderly populations
- Highlights research on the elderly prison population, including health and mental health care needs

This textbook focuses on the criminality and victimization of the elderly population. It provides a global perspective on the extent of the elderly crime and victimization, with international comparisons for addressing the problem. It explores the extent and types of crimes committed by the elderly, the characteristics of older criminals, and the responses of the criminal justice system (including prisons and institutions) to elderly criminals, including: diversion programs, community-based treatment programs, and special programs including health & mental health care services for older prisoners. The second part of the book covers ...

Policing and Minority Communities

Contemporary Issues and Global Perspectives

- Provides the reader with multi-faceted

analyses of the primary factors involving police-community relations and law enforcement strategic deployment, particularly those related to under-represented and minority groups, from diverse global contributors, including non-Western perspectives

- Examines the contemporary and controversial issue of strained police-community relations through the perspectives of both highly respected academic researchers and accomplished law enforcement practitioners
- Delineates tried-and-tested initiatives and practical recommendations to effectively enhance police-community relations

This insightful book examines the allegations against the professionalism, transparency, and integrity of law enforcement toward minority groups, from a global perspective. It addresses the challenges inherent in maintaining strong ties with members of the community, and draws attention to obstacles in ensuring public confidence and trust in rule of law institutions. Most importantly, the book provides insight into mechanisms and proposals for policy reform that would permit enhanced police-community partnership, collaboration and mutual respect. Acknowledging the consistency of this concern despite geographic location, ethnic diversity, and ...

Contents

Section A – Policing and Minority Communities.- Evaluating Police-Community Relations Globally.- International Attitudes to Teaching Religion and Faith and the Policing of Minority Communities.- Police Leadership during Challenging Times.- Promoting Enhanced Public Participation and Community Engagement in Policing.- Section B – Sensitive and Controversial Issues.- Policing and Special Populations: Strategies to Overcome Policing Challenges Encountered with Mentally Ill Individuals.- Ethnicity and Other Demographics Associated with Perceived Police Fairness.- The Impact of Police Shootings in the US on Police-Community Relations.- Search and ...

Fraud and Corruption

Major Types, Prevention, and Control

- Examines fraud and corruption in the public and private sectors
- Includes an overview of fraud prevention and control techniques
- Explores fraud in financial, insurance, and health care industries

This textbook provides an overview of the major types of fraud and corrupt activities found in private and public agencies, as well as the various methods used to prevent fraud and corruption. It explores where

opportunities for fraud exist, the personal characteristics of those who engage in fraud, as well as their prevention and control. This work covers fraud in the financial sector, insurance, health care, and police organizations, as well as cybercrime. It covers the relationship between fraud, corruption, and terrorism; criminal networks; and major types of personal scams (like identity theft and phishing). Finally, it covers the ...

Taxation in European Union

- Shows the typical progression of arguments as used in the academic tradition of the tax law, making it a useful textbook for academic courses
- Provides a comprehensive overview of the main topics
- Focuses on the potential contrasts with national legal systems and Court of Justice cases

This book provides a comprehensive and systematic overview of the main topics of taxation in European law. The sequence of arguments follows an institutional logic, respecting the academic tradition of tax law. It first outlines the general framework of EU institutions, with a particular focus on the set of regulations regarding taxation with reference to the stage of formation of EU rules and the potential contrast with national legal systems. It then explores the general principles emerging from the European treaties that typically involve the taxation system, and examines in detail the fiscal importance of European freedoms, the principle ...

Contents

Part I The Institutions: The tax power in the tradition of the European legal systems.- The role of taxation in the EU legal system.- The sources of the European taxation law.- The role of the jurisprudence of the court of justice within the EU taxation law.- Part II The Principles: The Customs Union.- The European freedoms and the principle of non-restriction for tax purposes.- The principle of taxation non-discrimination.- The tax interest of the national states and the balance with the European values.- The tax harmonization.- The State aids.- The harmful tax competition.- The general principles of the European law applicable to the ...

Legal Dynamics of EU External Relations

Dissecting a Layered Global Player

- Unique textbook in this particular field of law, offering basic insight, more detailed discussion and suggestions for further reading at the same time
- Second edition of a textbook that has already proved to be an excellent companion for (graduate) courses on the subject-matter, more compact and accessible for the non-expert than competing titles
- The most up-to-date volume on EU external relations law: all the most recent developments in law and policy practice are incorporated

This book offers a concise yet comprehensive review of the principles of EU external relations law. By carefully examining the role of the Union on the global scene, it provides a systematic overview of the relevant rules and competences, reflecting on the legal developments in their political and societal context. In addition to up-to-date analyses of, inter alia, the Common Foreign and Security Policy, the Common Security and Defence Policy and the Common Commercial Policy, it highlights the EU's external powers with regard to the environment, fundamental rights and development cooperation. Moreover, it includes dedicated chapters ...

Contents

1 Introducing a Layered Global Player.- Part I: Legal Dynamics in the Outer Layer: 2 The Common Foreign and Security Policy.- 3 The Common Security and Defence Policy.- Part II: Legal Dynamics of the Middle Layers: 4 The Common Commercial Policy.- 5 The External

Environmental Policy.- 6 The External Human Rights Policy.- 7 The Development Cooperation and Humanitarian Aid Policy.- Part III: Legal Dynamics in the Inner Layer: 8 Special Relationships in the European Neighbourhood and Beyond.- 9 The EU, the Member States and International Law.- 10 Conclusion: An Effective Global Player?.

Hage, J., Waltermann, A., Akkermans, B. (Eds.), Maastricht University Faculty of Law, Maastricht, The Netherlands

Introduction to Law

- Includes a new chapter on Tax Law
- Introduces to law in general, rather than to law of a particular jurisdiction
- Focuses on problems which law must solve, rather than on particular solutions (functional approach to law)

This book is exceptional in the sense that it provides an introduction to law in general rather than the law of one specific

jurisdiction, and it presents a unique way of looking at legal education. It is crucial for lawyers to be aware of the different ways in which societal problems can be solved and to be able to discuss the advantages and disadvantages of different legal solutions. In this respect, being a lawyer involves being able to reason like a lawyer, even more than having detailed knowledge of particular sets of rules. Introduction to Law reflects this view by focusing on the functions of rules and on ways of arguing the relative ...

Contents

1 Sources of Law by Jaap Hage.- 2 Legal Reasoning by Jaap Hage.- 3 Basic Concepts of Law by Jaap Hage.- 4 The Law of Contract by Jan Smits.- 5 Property Law by Bram Akkermans.- 6 Tort Law by Jaap Hage.- 7 Criminal Law by Johannes Keiler, Michele Panzavolta, and David Roef.- 8 Constitutional Law by Aalt Willem Heringa.- 9 Administrative Law by Chris Backes and Mariolina Eliantonio.- 10 The Law of Europe by Jaap Hage.- 11 Tax Law by Marcel Schaper.- 12 International Law by Menno T. Kamminga.- 13 Human Rights by Gustavo Arosemena.- 14 Elements of Procedural Law by Fokke Fernhout and Remco van Rhee.- 15 Philosophy of Law by Jaap Hage.

International Humanitarian Action

NOHA Textbook

- First textbook on the International Master Program "International Humanitarian Action"
- Offers a valuable resource for practitioners at humanitarian organizations
- Provides an interdisciplinary and international learning framework with a special focus on both theory and practice

This textbook examines a wide range of humanitarian action issues in five parts, presented by specialists from different academic fields. The respective parts reflect the five core modules of the International NOHA Joint Master's Programme "International Humanitarian Action": a) World Politics, b) International Law, c) Public Health, d) Anthropology, and e) Management. The book serves as a common basis for teaching at all NOHA universities and aims at imparting the basic knowledge and skills needed to excel in a complex interdisciplinary and international learning context. It provides in-depth information on key international humanitarian ...

Contents

Part I – World Politics: The Changing Context of Humanitarian Action: Key Challenges and Issues by Cristina Churrua-Muguruza.- Humanitarian Action in International Relations: Power and Politics by Anna Khakee.- World Politics and Humanitarian Action: Mutual Influences by Marie-Josée Domestici-Met.- The Changing Nature of Conflict - The Need for a Conflict Sensitive Approach by Sulagna Maitra.- Humanitarian Aid Governance in World Politics by Uwe Andersen and Katharina Behmer.- Principles and Professionalism: Towards Humanitarian Intelligence by Andrej Zwitter.- Part II – International Law: Public International Law by Elżbieta Mikos-Skuza.- ...
