

LICENSE SINGLE EBOOKS

Faster self-service eBook licensing
for institutions

single-ebooks.springernature.com

Flexible eBook solutions
that grow with
your institution's
research objectives

Our new self-service eBook ordering experience allows you to:

- Choose the eBooks your institution needs
- See which titles you've already licensed
- Curate and share your basket with colleagues
- Access eBooks within 2 business days, after accepting the licensing terms online

How it works

1. Search for the eBooks you want, in the [Librarian Portal](#)
2. Confirm your contact and invoice information, and agree to the standard T&C and Licence Terms
3. Receive your licences, invoice and link to MARC records by email
4. Add eBooks to your system and share with your institution

Minimum order value applies.

Why choose Single Titles?

- The ideal way to start your eBook collection or add content to your existing eBook collection
- License comes with continuing access, no DRM and unlimited concurrent users
- Easy for users to access remotely via SpringerLink
- Facilitate remote learning with eBook versions of key textbooks and course materials
- Select any eBook titles (including textbooks, reference works, proceeding and monographs), from any copyright year or the eBook archives
- Take advantage of MyCopy service which allows library users to order personal, print-on-demand editions of eBooks for 39.99**
- Full book Interlibrary Loan (ILL) available

	Springer Nature	Aggregator
