

Supplemental Figures S1-S15

Bibliometric development of Naunyn-Schmiedeberg's Archives of Pharmacology

Leah Dats, Florentin von Haugwitz, Roland Seifert

Fig. S1 100 Most cited articles: Document type

Fig. S2 The 100 most cited articles: Top-10 cities

Fig. S3 The 100 most cited articles: Times cited, all databases (as of December 8th 2021)

Fig. S4 Zero cited articles: Article types (2015-2022, as of April 2022)

Fig. S5 Zero cited articles: Topics by chapters of “Basic Knowledge of Pharmacology “

Fig. S6 Meta-data: Publication languages: Percentages for the years 1947-1976

- Introduction and Pharmacodynamics
- Pharmacokinetics
- Treatment of Drug Intoxications
- Cholinergic and Adrenergic System
- Serotonergic System
- Histaminergic System
- Immunopharmacology
- Pharmacology of the Kidney
- Drugs for Treatment of Respiratory Tract Diseases
- Drugs for Treatment of Hypertension
- Drugs for Treatment of Chronic Heart Failure and Coronary Heart Disease
- Drugs for Treatment of Thromboembolic Diseases
- Drugs for Treatment of Diabetes Mellitus
- Drugs for Treatment of Depression and Bipolar Disorder
- Drugs for the Treatment of Malignant Tumor Diseases
- Drugs for the Treatment of Bacterial Infections
- Editorial Analysis

Fig. S7 Meta-data: 1970 Topics by chapters of “Basic Knowledge of Pharmacology”

Fig. S8 Meta-data: 1980 Topics by chapters of “Basic Knowledge of Pharmacology”

Fig. S9 Meta-data: 1990 Topics by chapters of “Basic Knowledge of Pharmacology”

- Introduction and Pharmacodynamics
- Pharmacokinetics
- Treatment of Drug Intoxications
- Cholinergic and Adrenergic System
- Serotonergic System
- Histaminergic System
- Dopaminergic System
- NO-cGMP System
- Pain Pharmacology
- Immunopharmacology
- Drugs for Treatment of Respiratory Tract Diseases
- Drugs for Treatment of Hypertension
- Drugs for Treatment of Chronic Heart Failure and Coronary Heart Disease
- Drug-Induced Arrhythmias and Drugs for the Treatment of Arrhythmias
- Drugs for Treatment of Thromboembolic Diseases
- Drugs for Treatment of Diabetes Mellitus
- Drugs for Treatment of Osteoporosis
- Sex Hormones: Hormonal Contraception and Hormone Replacement Therapy
- Neuron Inhibitors with Pleiotropic Effects and Allosteric GABA aR Modulators
- Local Anesthetics
- Inhalation and Injection Anesthetics
- Drugs for Treatment of Depression and Bipolar Disorder
- Drugs for Treatment of Schizophrenia
- Drugs for the Treatment of Malignant Tumor Diseases
- Drugs for the Treatment of Bacterial Infections
- Drugs for Treatment of Parasitic Infections
- Purinergic System

Fig. S10 Meta-data: 2000 Topics by chapters of “Basic Knowledge of Pharmacology”

Fig. S11 Meta-data: 2010 Topics by chapters of “Basic Knowledge of Pharmacology”

Fig. S12 Meta-data: 2020 Topics by chapters of “Basic Knowledge of Pharmacology

Fig. S13 Meta-data: Publications by the top-20 contributing countries (1990-2020)

Fig. S14 Meta-Data: Publications by the TOP-10 contributing countries (1990-2020)

Fig. S15 Meta-data: Publications by the Top-20 contributing cities (1990-2020)
