Dear Mr. Romero,

Thank you for your help with the type setting for my manuscript. I have submitted the changes and I hope that all of my comments are clear.

I would like to point out that I am concerned about the quality of the figures and have therefore added the .png for each figure separately. I believe that the quality of the images were diminished by my putting them into word during the review process.

I hope that it will be possible for you to use these higher quality .png files instead of the original images.

Kind regards,
Adeelia
