Supplementary Table 9: Field distribution along the hippocampal longitudinal (postero-anterior) axis

Hippocampal region				Hippocampal fields (+hippocampal fissure)				
	Gyrus fasciolaris			Dentato-fasciolar sulcus	Fasciola cinerea	fCA3	fCA2	dCA1
Posterior hippocampus/ Hippocampal tail	Posterior hippocampus	Dorsal posterior hippocampus		Posterior hippocampal fissure	Posterior dentate gyrus including posterior <i>margo denticulatus</i>	dpCA3	dpCA2/pCA2	pCA1
		Ventral posterior hippocampus				vpCA3	vpCA2/pCA2	pCA1
Middle hippocampus/ Hippocampal body				Hippocampal fissure (outer Blade/Deep hippocampal fissure + inner Blade/superficial hippocampal fissure)	Dentate gyrus including <i>margo denticulatus</i>	CA3	CA2	CA1
Anterior hippocampus/ Hippocampal head	Perifimbrial hippocampus	#4 (medial digitation)	Vertical Hippocampus	Superficial hippocampal fissure	Inferior/lower Band of Giacomini	vCA3	vCA2	vCA1
			Uncus			uCA3	uCA2	uCA1
		#1 (lateral digitation)	Deep hippocampal fissure	Dentate gyrus in the lateral hippocampal digitation (I)	CA3 in the lateral hippocampal digitation	CA2	CA1	
	Prefimbrial hippocampus	#4 (medial digitation)	Vertical Hippocampus	Superficial hippocampal fissure	Upper/superior Band of Giacomini	vCA3	vCA2	vCA1
			Uncus	Superficial hippocampal fissure		uCA3	uCA2	uCA1
			Intralimbic gyrus	Superficial hippocampal fissure	Band of Giacomini	uCA3, vCA3		
		#2,3 (intermediate digitations)	Deep hippocampal fissure	Dentate gyrus in the intermediate hippocampal digitations (II, III)	CA3 in the medial hippocampal digitations	CA2, uCA2	CA1	
		#1 (lateral digitation)	Deep hippocampal fissure	Dentate gyrus in the lateral hippocampal digitation (I)	CA3 in the lateral hippocampal digitation	CA2	CA1	

4 **Supplementary Table 9 Legend:** Field distribution along the hippocampal longitudinal axis. Left columns include the different subregions of the
5 human adult hippocampus along its longitudinal axis. Right columns include the different representatives of the hippocampal fissure and fields
6 (hippocampal fissure → dentate gyrus → CA3 → CA2 → CA1). Bold indicates modified fields.
