Search Terms for Grey Literature Analysis

Explicit Climate Change terms

climate change(s)
changing climate
climatic change(s)
changes to climate

Climate-sensitive resource terms

beetle
forage
hydrograph
insect
precipitation
 annual precipitation
 average precipitation
 increased precipitation
river
runoff
snow
snowpack
soil moisture
streamflow/stream flow
vegetation
water
 water availability
 water level
wildflower

climate-related impact terms

disease
drought

evaporation
fire
 fire frequency
 fire intensity
 fire regime
 fire severity
 fire susceptibility
 frequent fire
 intense fire
 severe fire
flood
heat
 heat wave(s)
pathogen
weather
 extreme weather

livelihood terms

AUM(s)
biking
boating
fishing
grazing
guiding
hiking
hunt(-ing)
livelihood
livestock
permittee(s)
rafting
ranch(-ing)
recreation
renewable energy
skiing
special event(s)
tribal
 indigenous
 Kiowa
 native
 Ute
wildlife viewing
