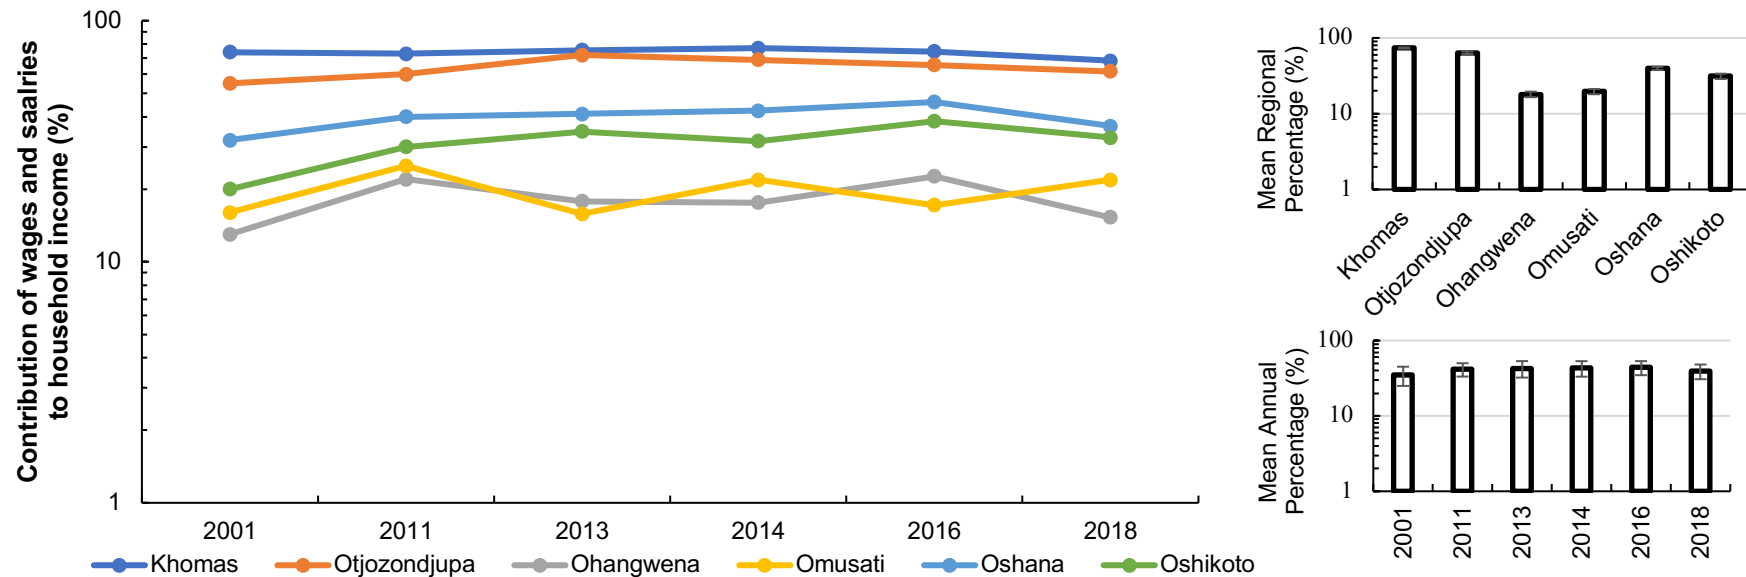

Fig S8. The figure depicts the percentage contribution of wages and salaries to household income across study regions between 2001-2018. Smaller inset graphs show the mean contribution of wages and salaries to household income for each region and per year for the period 2001-2018. Data for main and inset graphs is presented on a log scale. *Source:* NSA Population and Household Census (2001 and 2011) and NSA Labour Force Survey Reports (2013, 2014, 2016 and 2018).
