	1999	OPENING OF THE 10TH SESSION OF THE SUBSIDIARY BODIES	0	2	Adaptation and capacity-building are among the cross-cutting issues that we will underline in these next two weeks in all agenda items.			https://www.g77.org/Speeches/060199B.htm		
					Capacity-building for developing countries is an essential component in the implementation of the Buenos Aires Plan of Action. The Group of 77 and China stresses that capacity-building must be accomplished for, by and in developing countries. Transfer of and access to technology, including information technology and enhancement of endogenous technologies, and the provision of financial resources, in particular for the full participation of developing countries in the implementation of these decisions, are necessary for developing countries to build their institutional and human capacities					
					Annex I communications should inform on (...) details of measures taken in accordance with Article 4, para.3, on the provision of new and additional financial resources; para. 4 on assistance on meeting costs of adaptation, and para. 5 on transfer of technology
