2 Additional Figures

2.1 Figure 1: Deaths

Figure 1: Maps showing the total number of TC events which reported deaths (a-c) and the total aggregated impact of all TC events which reported deaths (d-f) within each administrative division for island groups, regions and provinces.

2.2 Figure 2: Affected

Figure 2: Maps showing the total number of TC events which reported affected populations (a-c) and the total aggregated impact of all TC events which reported affected populations (d-f) within each administrative division for island groups, regions and provinces.

2.3 Figure 3: Houses Damaged

Figure 3: Maps showing the total number of TC events which reported houses damaged (a-c) and the total aggregated impact of all TC events which reported houses damaged (d-f) within each administrative division for island groups, regions and provinces.

2.4 Figure 4: Agricultural Economic Loss

Figure 4: Maps showing the total number of TC events which reported agricultural losses (a-c) and the total aggregated impact of all TC events which reported agricultural losses (d-f) within each administrative division for island groups, regions and provinces.

2.5 Figure 5: Infrastructural Economic Loss

Figure 5: Maps showing the total number of TC events which reported infrastructural losses (a-c) and the total aggregated impact of all TC events which reported infrastructural losses (d-f) within each administrative division for island groups, regions and provinces.
