

Online Resource 4. RFLP patterns of isolates belonging to morphological groups 10, 5, 9, 21, and 6, 11, 12, 13 obtained on ITS PCR products. Numbers above the lanes correspond to the identification code ID_I of the isolates as reported in Online Resource 8. Ladder lanes contain the phiX174 DNA/*Bsu*RI (*Hae*III) marker (Thermo Scientific™).
