

Title: Stable *in vitro* propagation of *Fagus sylvatica* using micro-cuttings established from seedlings
 Franka N. Thiesen, Paweł Chmielarz , Tomasz A. Pawłowski, Ben Bubner

OSM Table 2: Sorted multilocus genotypes with repeated matching multilocus genotypes listed first. Analysis of the microsatellite allele table using Excel GenAEx.

Sample	Population	Label	Sample	Population	Label	Sample	Population	Label	Sample	Population	Label
