

This document certifies that the manuscript

Fatal equine gas gangrene associated with Clostridium septicum in the Brazilian Amazon: clinicopathological and molecular characterization of a 20-case series

prepared by the authors

Loise Araújo de Sousa, Laura Rosa Corrêa, Hanna Gabriela da Silva Oliveira and Felipe Masiero Salvarani

was edited for proper English language, grammar, punctuation, spelling, and overall style
by one or more of the highly qualified native English speaking editors at AJE.

This certificate was issued on **March 04, 2026** and may be verified
on the [AJE website](https://aje.com) using the verification code **89PL-4GY7-9E4R-L12B-Y4TT**.

Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication; however, the author has the ability to accept or reject suggestions and changes. To verify the final AJE edited version, please visit our verification page at aje.com/certificate. If you have any questions or concerns about this edited document, please contact AJE at support@aje.com.
