

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

a (ACTR3B)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

b (RARRES2)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

c (CD300H)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

d (TNNT2)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

e (CALB1)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

f (GAD1)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

g (SST)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

h (NPAS4)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

i (UPK1B)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

j (SLC47A1)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

k (SERPINE1)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

I (CCL5)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

m (IBSP)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

n (ENSACFG00000020220)

Figure s3

Figure s3: Expression signature for each gene mentioned in detail in the main text. The IGV 2.8.13. software was used for visualization.

o (ECEL1)
