

Supplementary Table. General physical characteristics and sensory functions

	wild type (<i>n</i> = 6)	GluN2B 3CS homo (<i>n</i> = 15)
Physical characteristics	100	100
whiskers (% with)	100	100
fur (% with normal fur)	100	100
Sensory motor reflex	100	100
righting reflex (% with normal response)	100	100
whisker twitch reflex (% with normal response)	100	100
ear twitch reflex (% with quick response)	100	100
reflex response to key jangling (% with normal response)	100	100
