

Appendix 1.

LEAS-A

Subject#: _____

Study#: _____

INSTRUCTIONS

Please describe what you would feel in the following situations. The only requirement is that you use the word “feel” in your answers. You may make your answers as brief or as long as necessary to express how you would feel. In each situation there is another person mentioned. Please indicate how you think that other person would feel as well.

1. A neighbor asks you to repair a piece of furniture. As the neighbor looks on, you begin hammering the nail but then miss the nail and hit your finger. How would you feel? How would the neighbor feel?

4. Your boss tells you that your work has been unacceptable and needs to be improved. How would you feel? How would your boss feel?

Appendix 2.

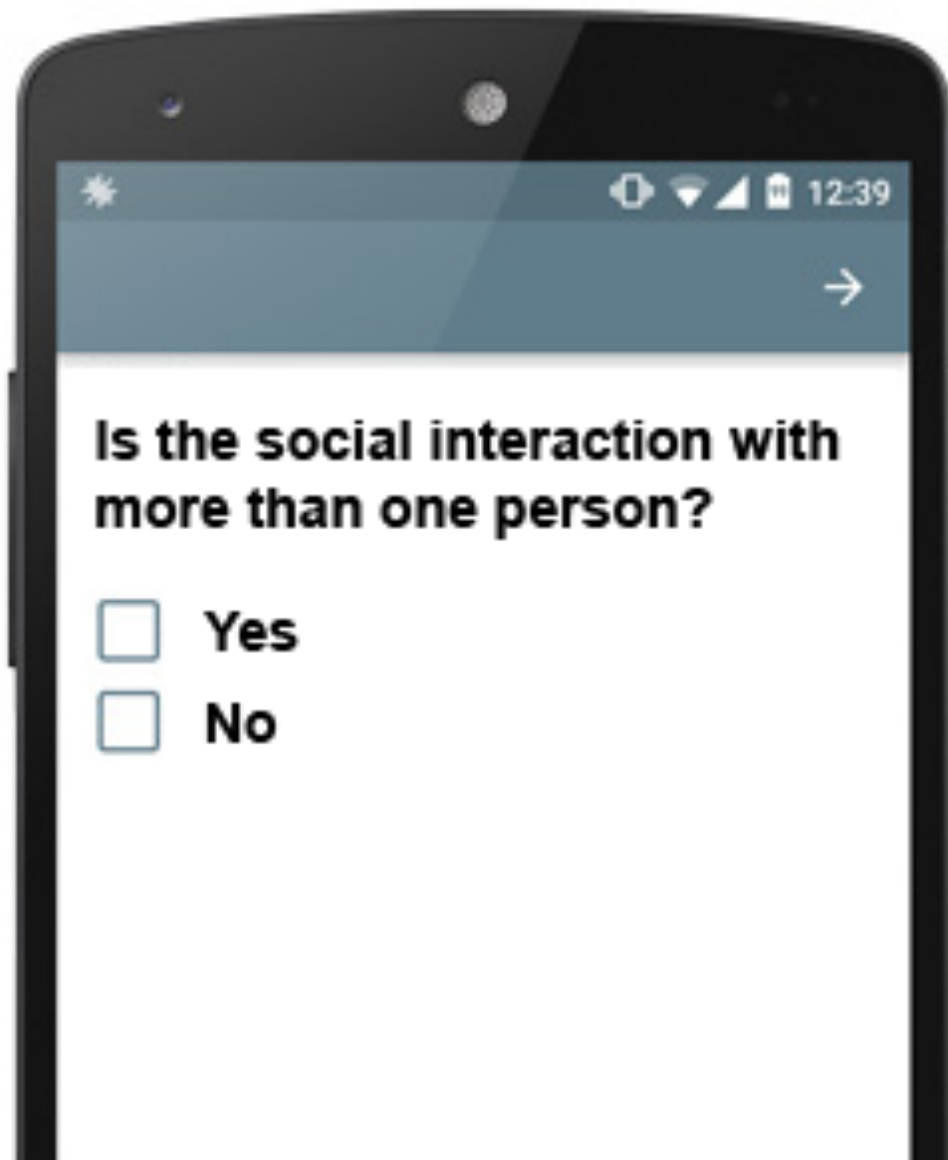

Figure 1. The screenshot shows what the EMA of emotional awareness looks like in the MovisensXS application. The question is presented at the top of the screen and participant scan answer the question by typing in their answer in the box.

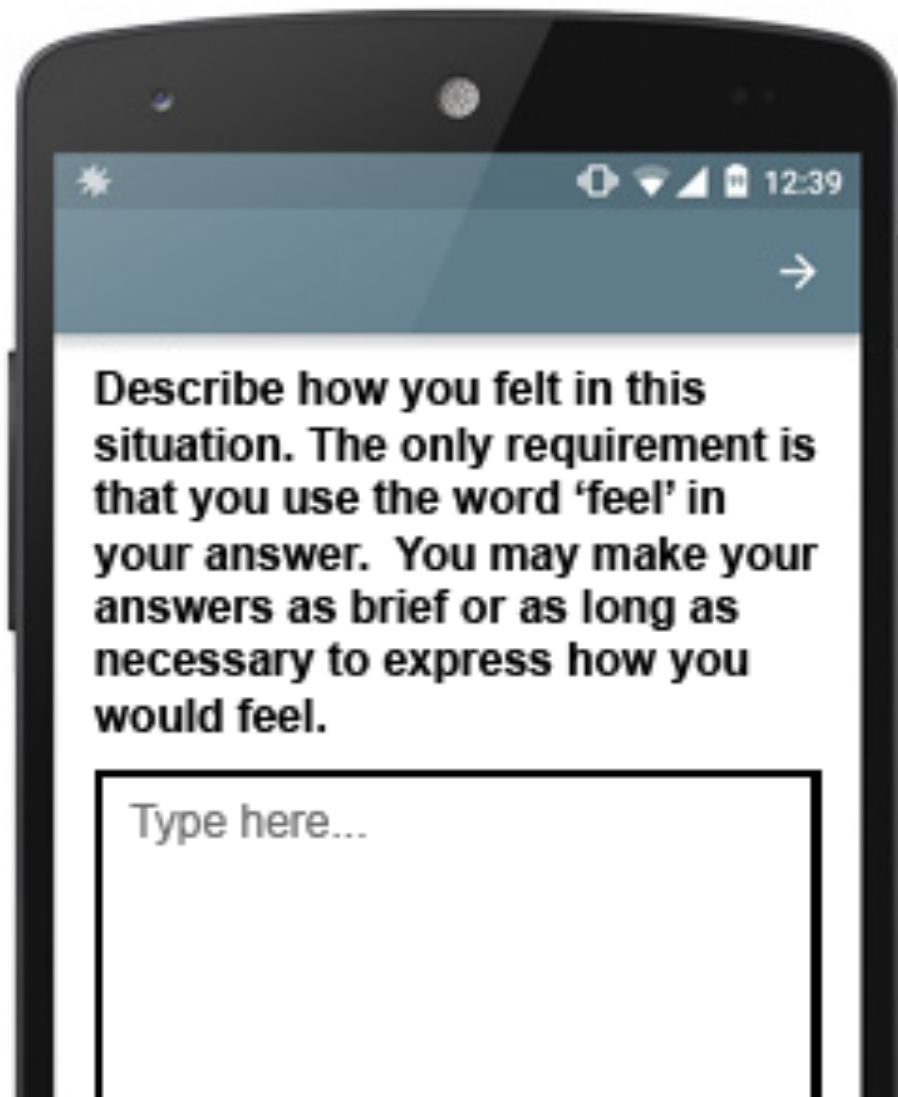

Figure 2. The screenshot shows what a question looks like in the MovisensXS application. The question is presented at the top of the screen and reads 'Is the social interaction with more than one person?' and participants can answer the question by either selecting 'yes' or 'no'.
