29.05.2023

Lecturer Dr. Mehmet BAŞEĞMEZ

Your study on **‘The Effect of Boron on Embryonal Tissue Development and Trophoblast Cell Proliferation in Pregnant Rats Fed with High Fructose Corn Syrup’ (PAUHDEK-2023/16)** was discussed at our meeting dated 24.05.2023 and numbered 2023/04,

And after the discussions, it was unanimously decided that the study in question was appropriate in terms of Animal Experiments Ethics and that it was carried out using 28 (Wistar Albino) female rats.

For your information.

Assoc. Prof. Dr. Habip ATALAY
Chairman of the Board
