Family members

Name	Age	Education level	Has migrated? Location, activities, length

What proportion of your income comes from remittances?

Land

How much irrigated land do you have?

How much rainfed land do you have? Where is it located? Was it previously irrigated? Did you have rainfed land before?

Do you own or rent (/ do sharaka) the land? Did you inherit or buy it?

Location of land

Name of area	Number of fields / area	Notes

Have you abandoned any fields in last 10 years? Started using new fields?

Water

Do you have enough water for your crops? How much was your turn shortened this year? What proportion of land do you plant in summer?

Have you adapted your practices due to lack of water? How do you prioritize crops / activities when there are water shortages?

General Questions about cropping practices

Do you use any chemical fertilizers? On what crops? How much? Have you ever used them?

Why do you use / not use chemical fertilizers?

Is manure from your own animals sufficient? Do you get manure from others? Give to others?

Do you / have you ever used pesticides?

Do you have problems with wild pigs / wild dogs?

Livestock

	Now	This year – died or sold?	10 years ago
Cows			
Sheep			
Goats			
Donkey			
Mule			
Chickens			
Other (turkeys, rabbits)			

Did livestock die or did you sell them? Why did you sell them?

Do you take out your livestock to graze? Where, and how often?

Azibs:

Season	Distance
Winter	
Summer	

How much fodder (barley and hay) do you buy a year? Nukhala? Other?

When did you start buying fodder? How much did you buy 10 years ago?

Who collects fodder? How much time does this take?

Will you grow your herd? Why / why not?

Other agricultural activities

Thyme?	
Lavender?	
When last collected?	
How many years sold?	

Do you keep bees? Did you in the past? How many years ago?

Do you collect wild plants from fields? When did you stop / when did they start decreasing?
Any collected this year?

Migration / off farm work

If family members have migrated, did this impact agricultural / livestock activities? (e.g. amount grown, number of livestock, water or terrace management)? How?

Do you use income from migration to purchase seeds or fertilizers?

Crop	When stopped? / Planted every year?	Amount planted	Yield this year	Yield before drought / average	Source of seeds	Cash, fodder, or subsistence? / Amount sold	Trend in amount planted in last 10 years?	Other
Barley		Agulas:	This yr – Last yr -					Ever used for flour?
Potato					Buy 1x or 2x?	Sold before?		Months lasts:
Corn					Colors – W, R			Months lasts:
Susban								
Walnut	# trees:	Died this year:			Bldi or romi		# of trees 10 years ago:	Small trees? Last sold?
Almond	# trees: All irrigated?	Died this year:					# of trees 10 years ago:	
Onion								Months lasts:
Turnip								
Carrot								
Tomato								
Eggplant								
Pepper								

Crop	When stopped? / Planted every year?	Amount planted	Yield this year	Yield before drought / average	Source of seeds	Cash, fodder, or subsistence?	Trend in amount planted in last 10 years?	Other
