Re: Include Dr. Yu-Tzu Tai as coauthor of the revised manuscript 21-BCJ-0687R

Dear Drs. Rajkumar and Tefferi,

All the coauthors from the earlier version of the manuscript, including myself, have agreed to include Dr. Yu-Tzu Tai as one the authors of the revised manuscript. All the email responses have been included in this file.

Thank you,

Arghya Ray

Hello Everyone,

As a part of (our CD73) manuscript production process, the production editor of the Blood Cancer Journal has requested that all the authors agree upon the addition of Dr. Yu-Tzu Tai as one the authors in the revised manuscript.

Y-YT provided the patient samples, and we have included her name as one of the authors in our revised manuscript.

Identification and Validation of Ecto-5' Nucleotidase as an Immunotherapeutic Target in Multiple Myeloma

Arghya Ray, Ph.D, Yan Song, PhD, Ting Du, Ph.D, Leutz Buon, Yu-Tzu Tai, PhD, Dharminder Chauhan*¶, Ph.D and Kenneth C Anderson*¶, M.D.

The manuscript has already been accepted, but we still need to fulfil the pre-production formalities.

Kindly reply to this email confirming that all of you agree to these changes. Once I collect all these replies, I'll combine all the co-authors' email responses in one document and upload the file to BCJ.

Thank you all,

Arghya
