

Supplemental Figure 1. HCT rates in Europe in 2024 (per 10 million population).

a) Allo-HCT

Supplemental Figure 1. HCT rates in Europe in 2024 (per 10 million population).

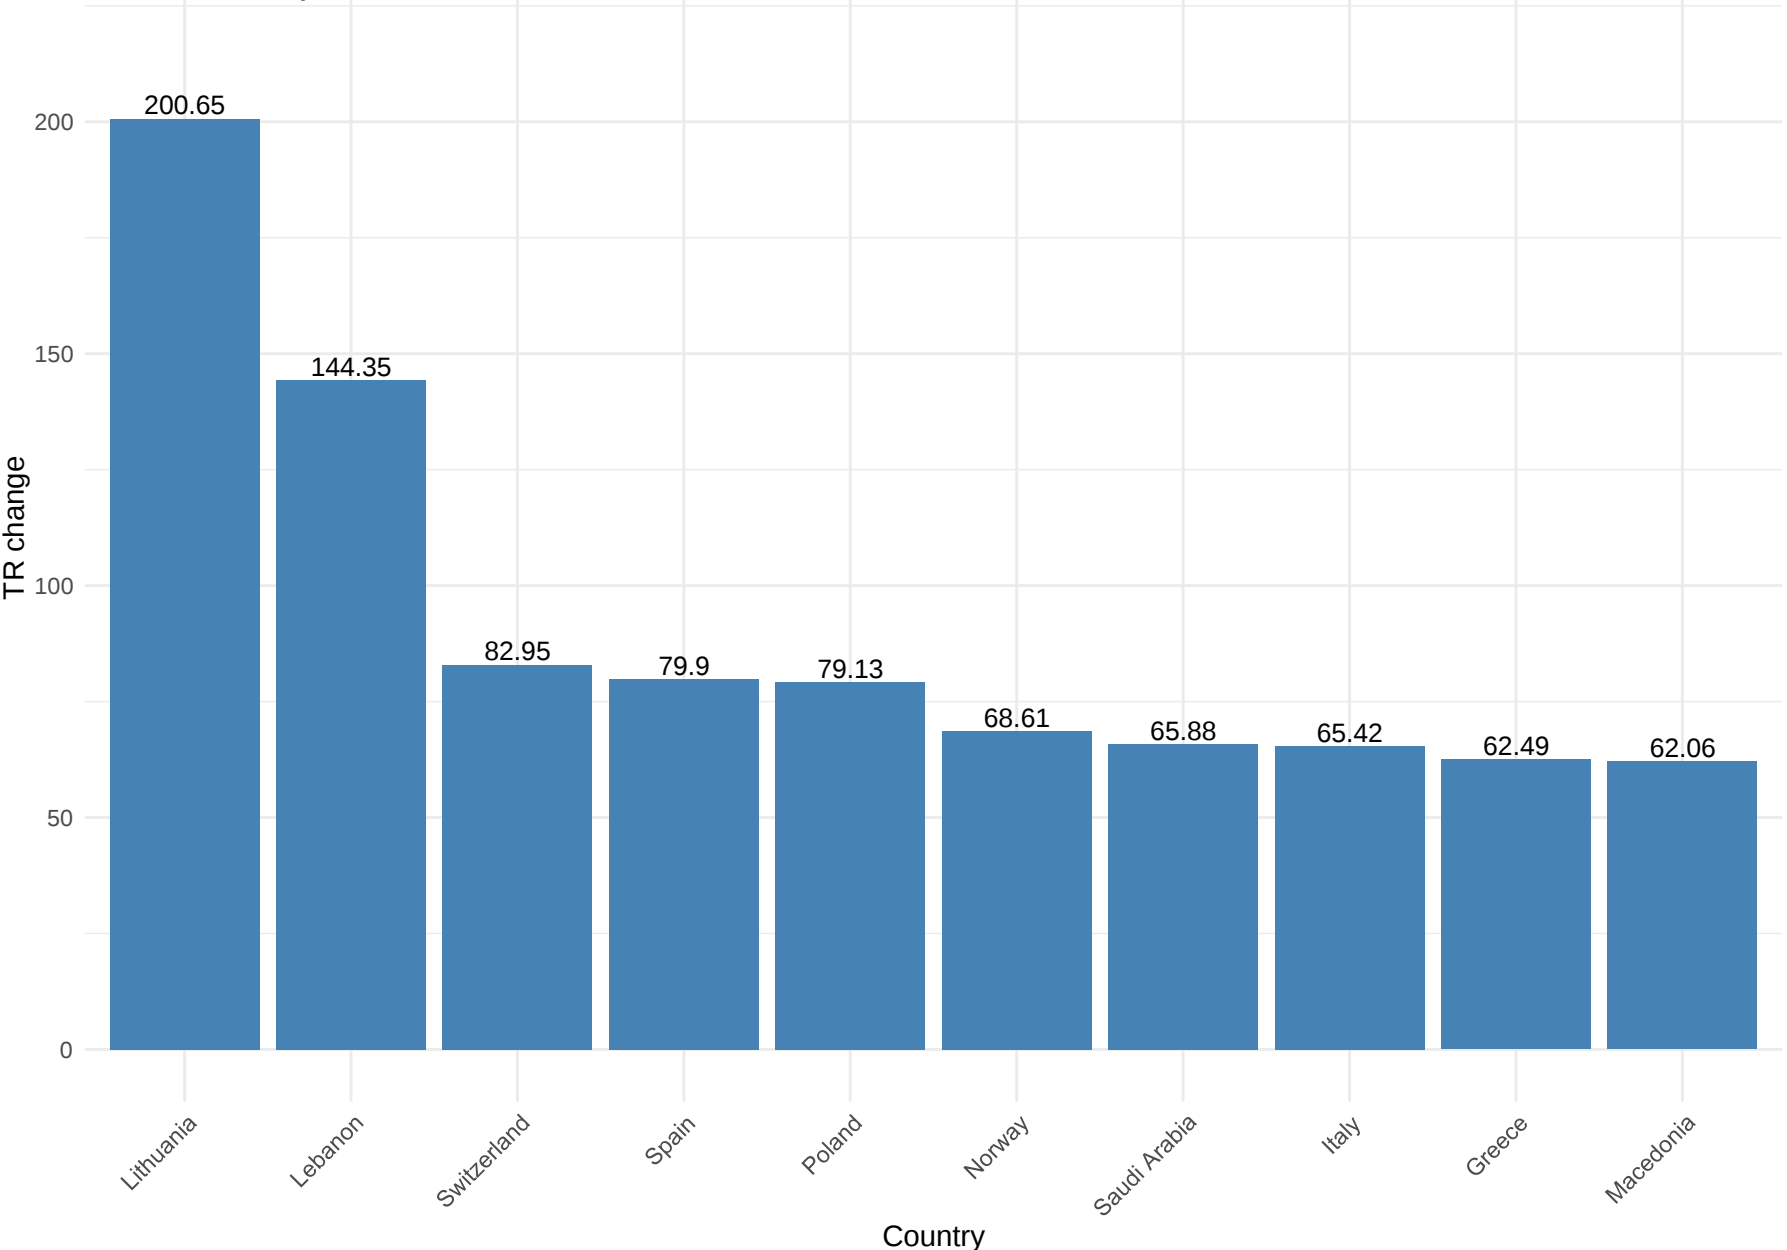

b) Auto-HCT

Supplemental Figure 2. Top 10 countries by increase in transplant rate (2015–2024).

Allo-HCT (TR per million population)

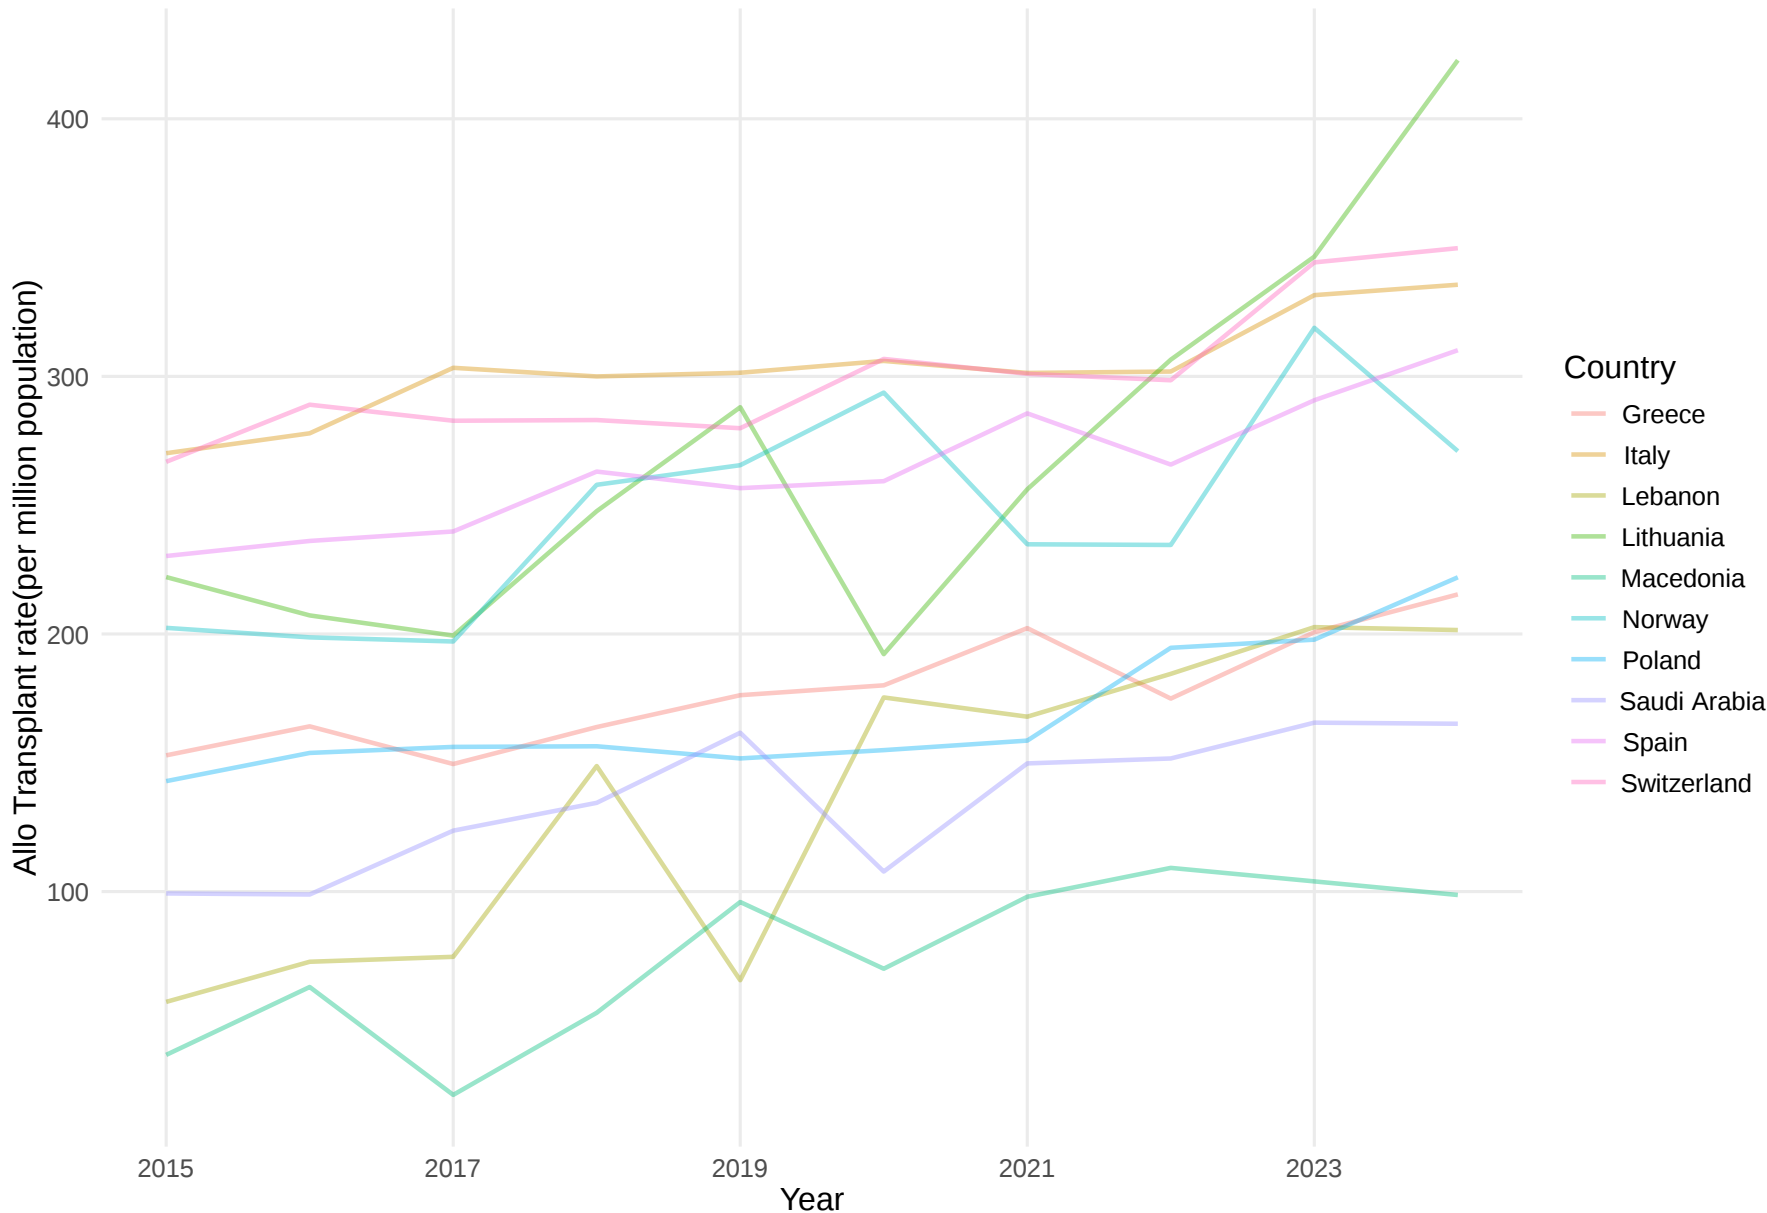

(a) Bars indicate each country's absolute contribution to the TR increase.

Supplemental Figure 2. Top 10 countries by increase in transplant rate (2015–2024).

Allo-HCT (TR per million population)

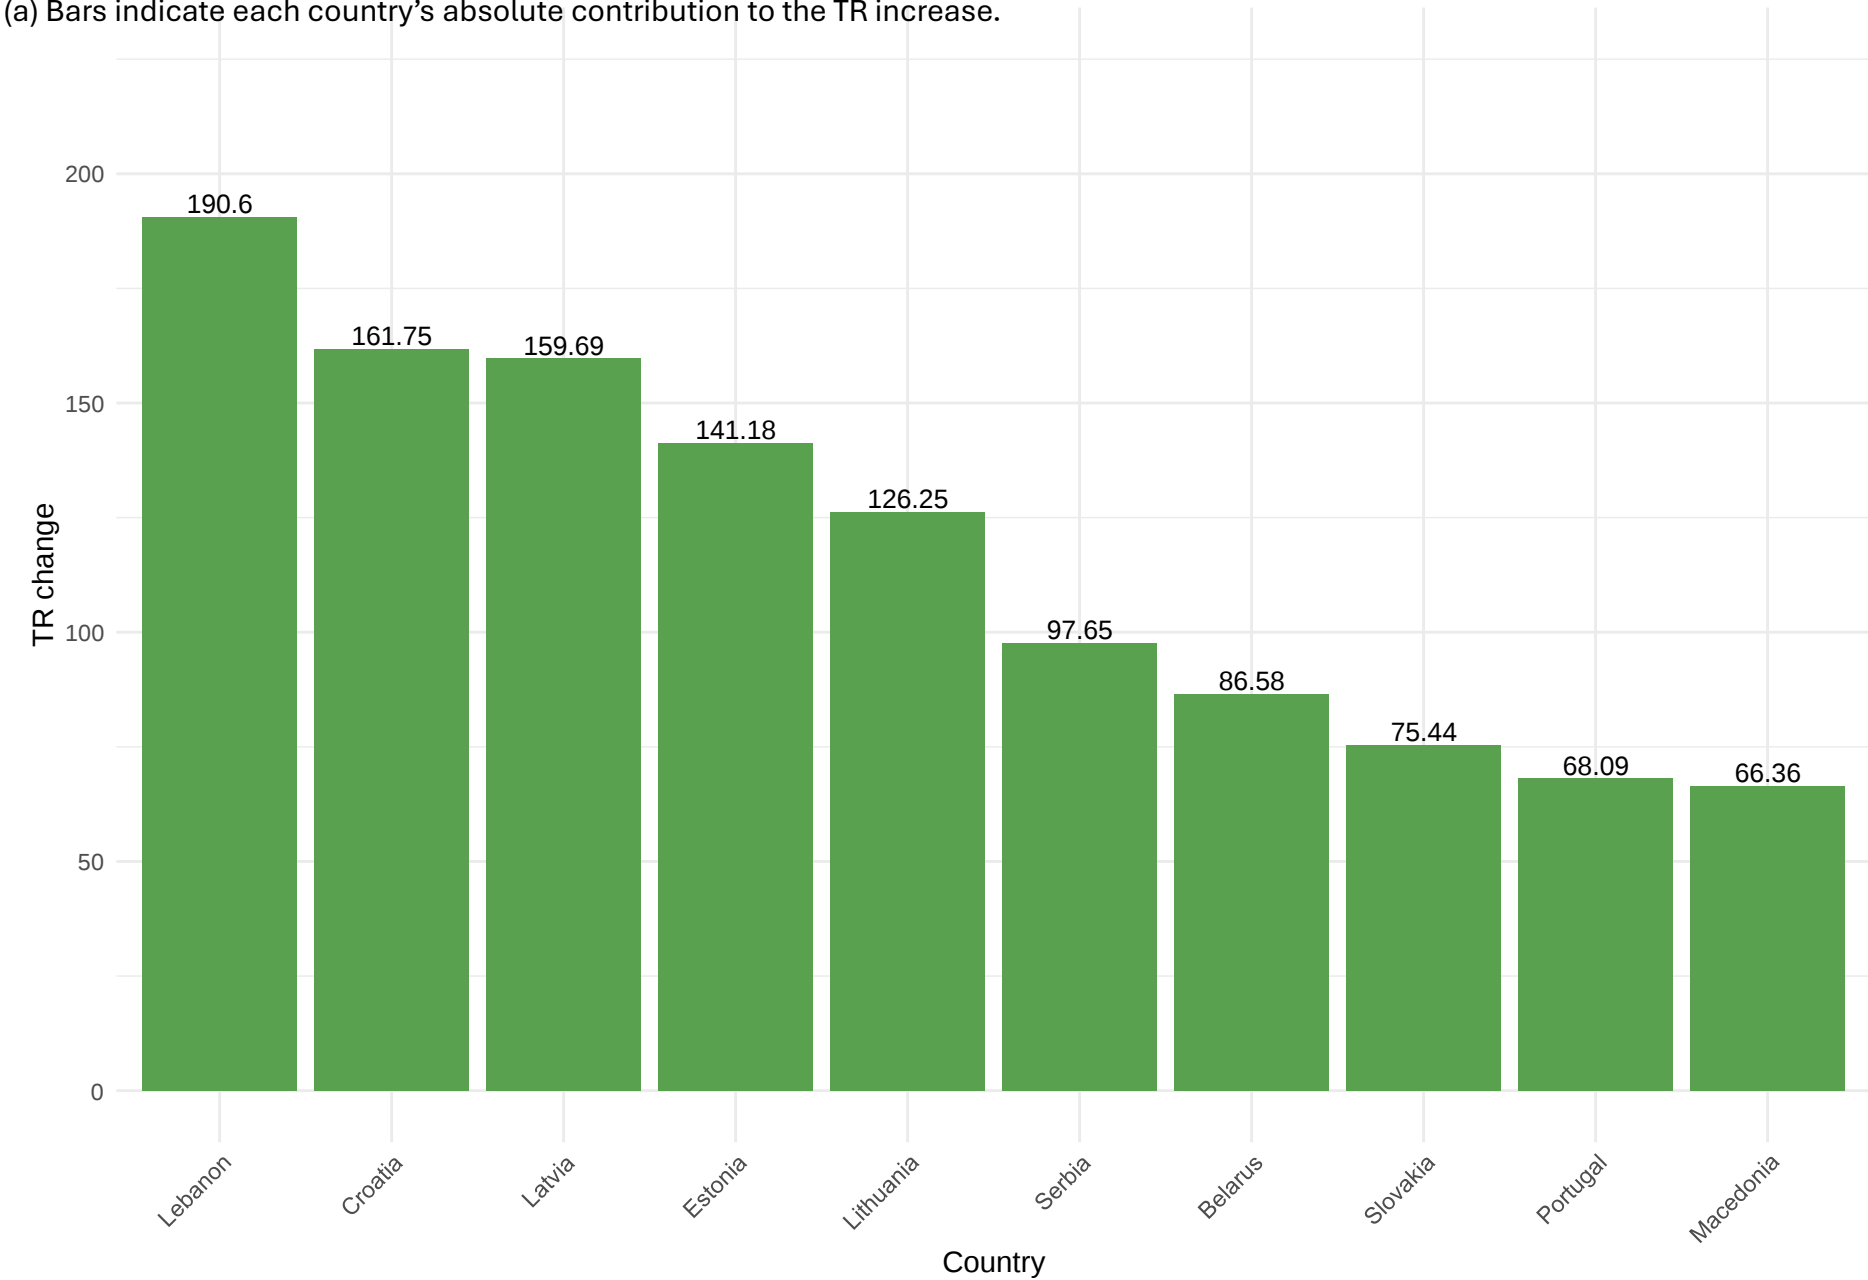

(b) Lines show annual TR trends from 2014 to 2025.

Supplemental Figure 3. Top 10 countries by increase in transplant rate (2015–2024).

Auto-HCT (TR per million population)

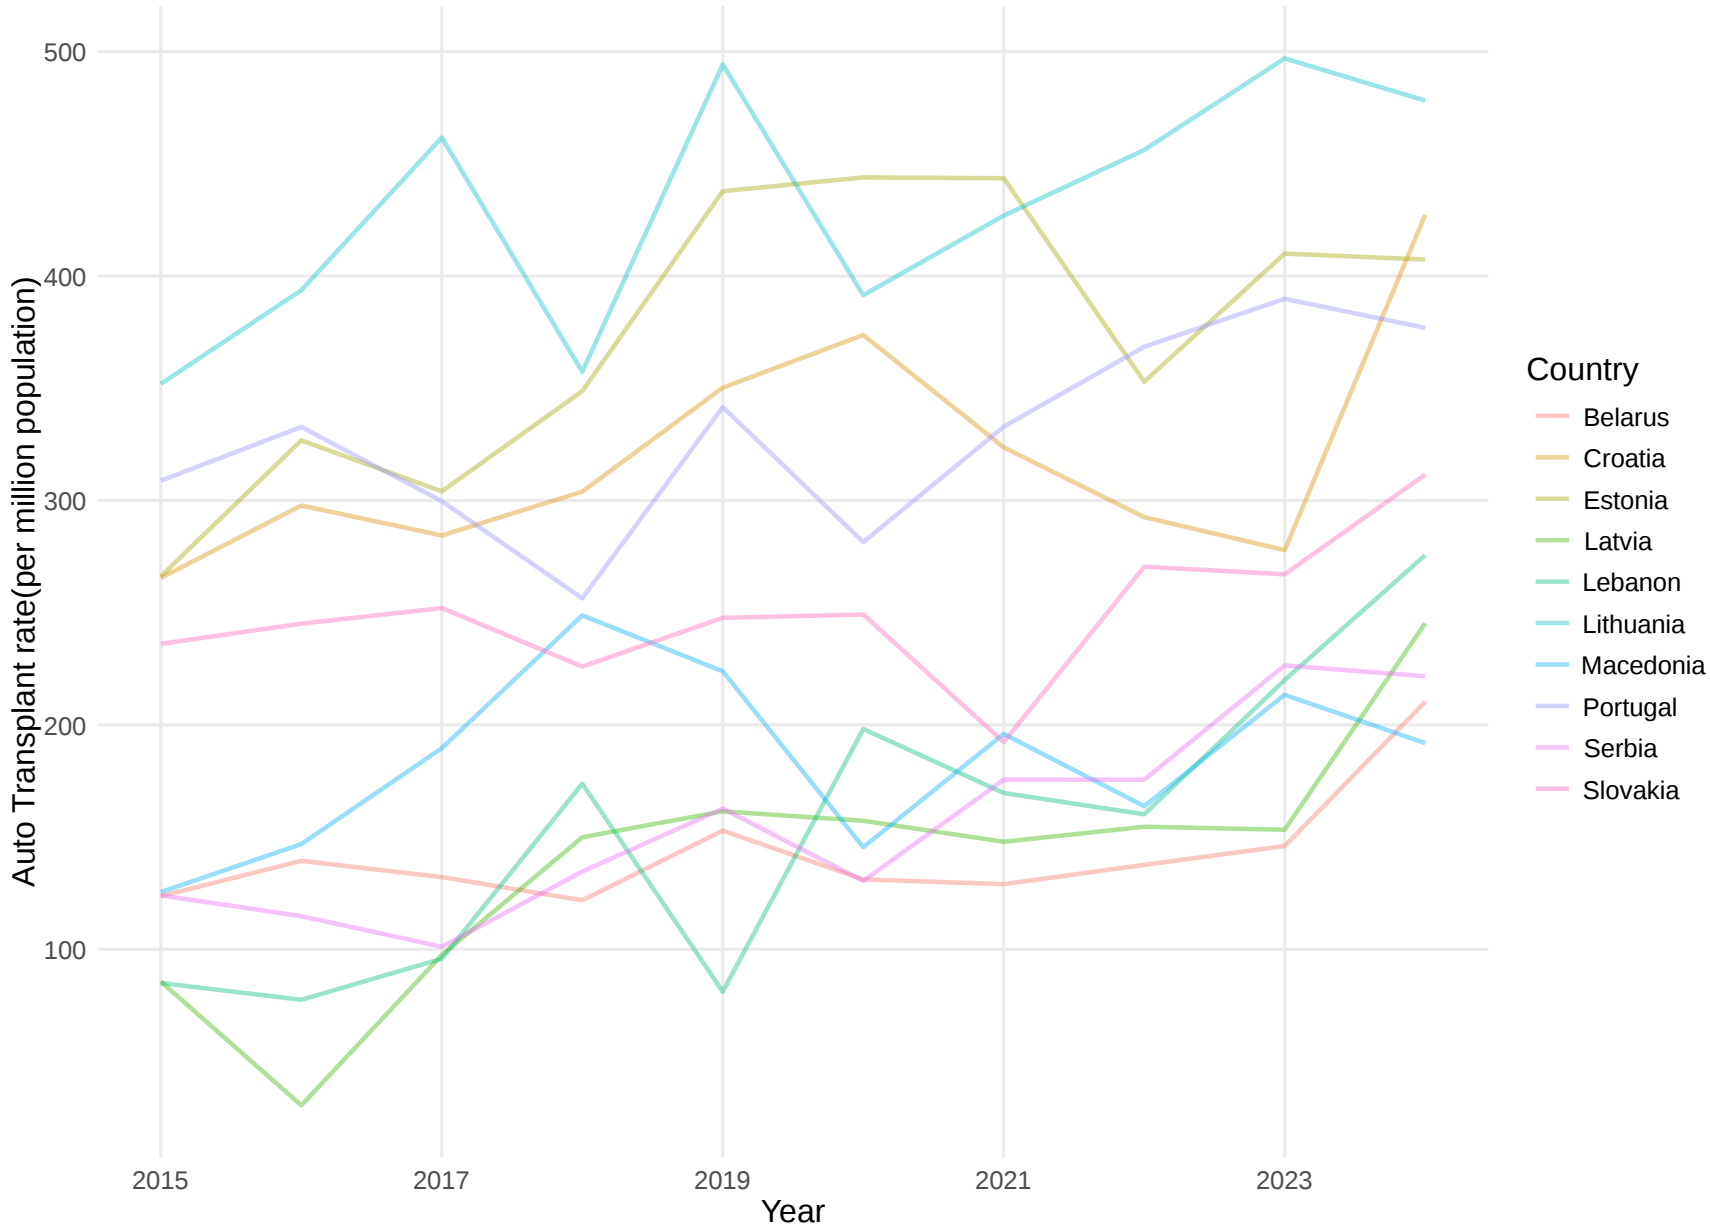

(a) Bars indicate each country’s absolute contribution to the TR increase.

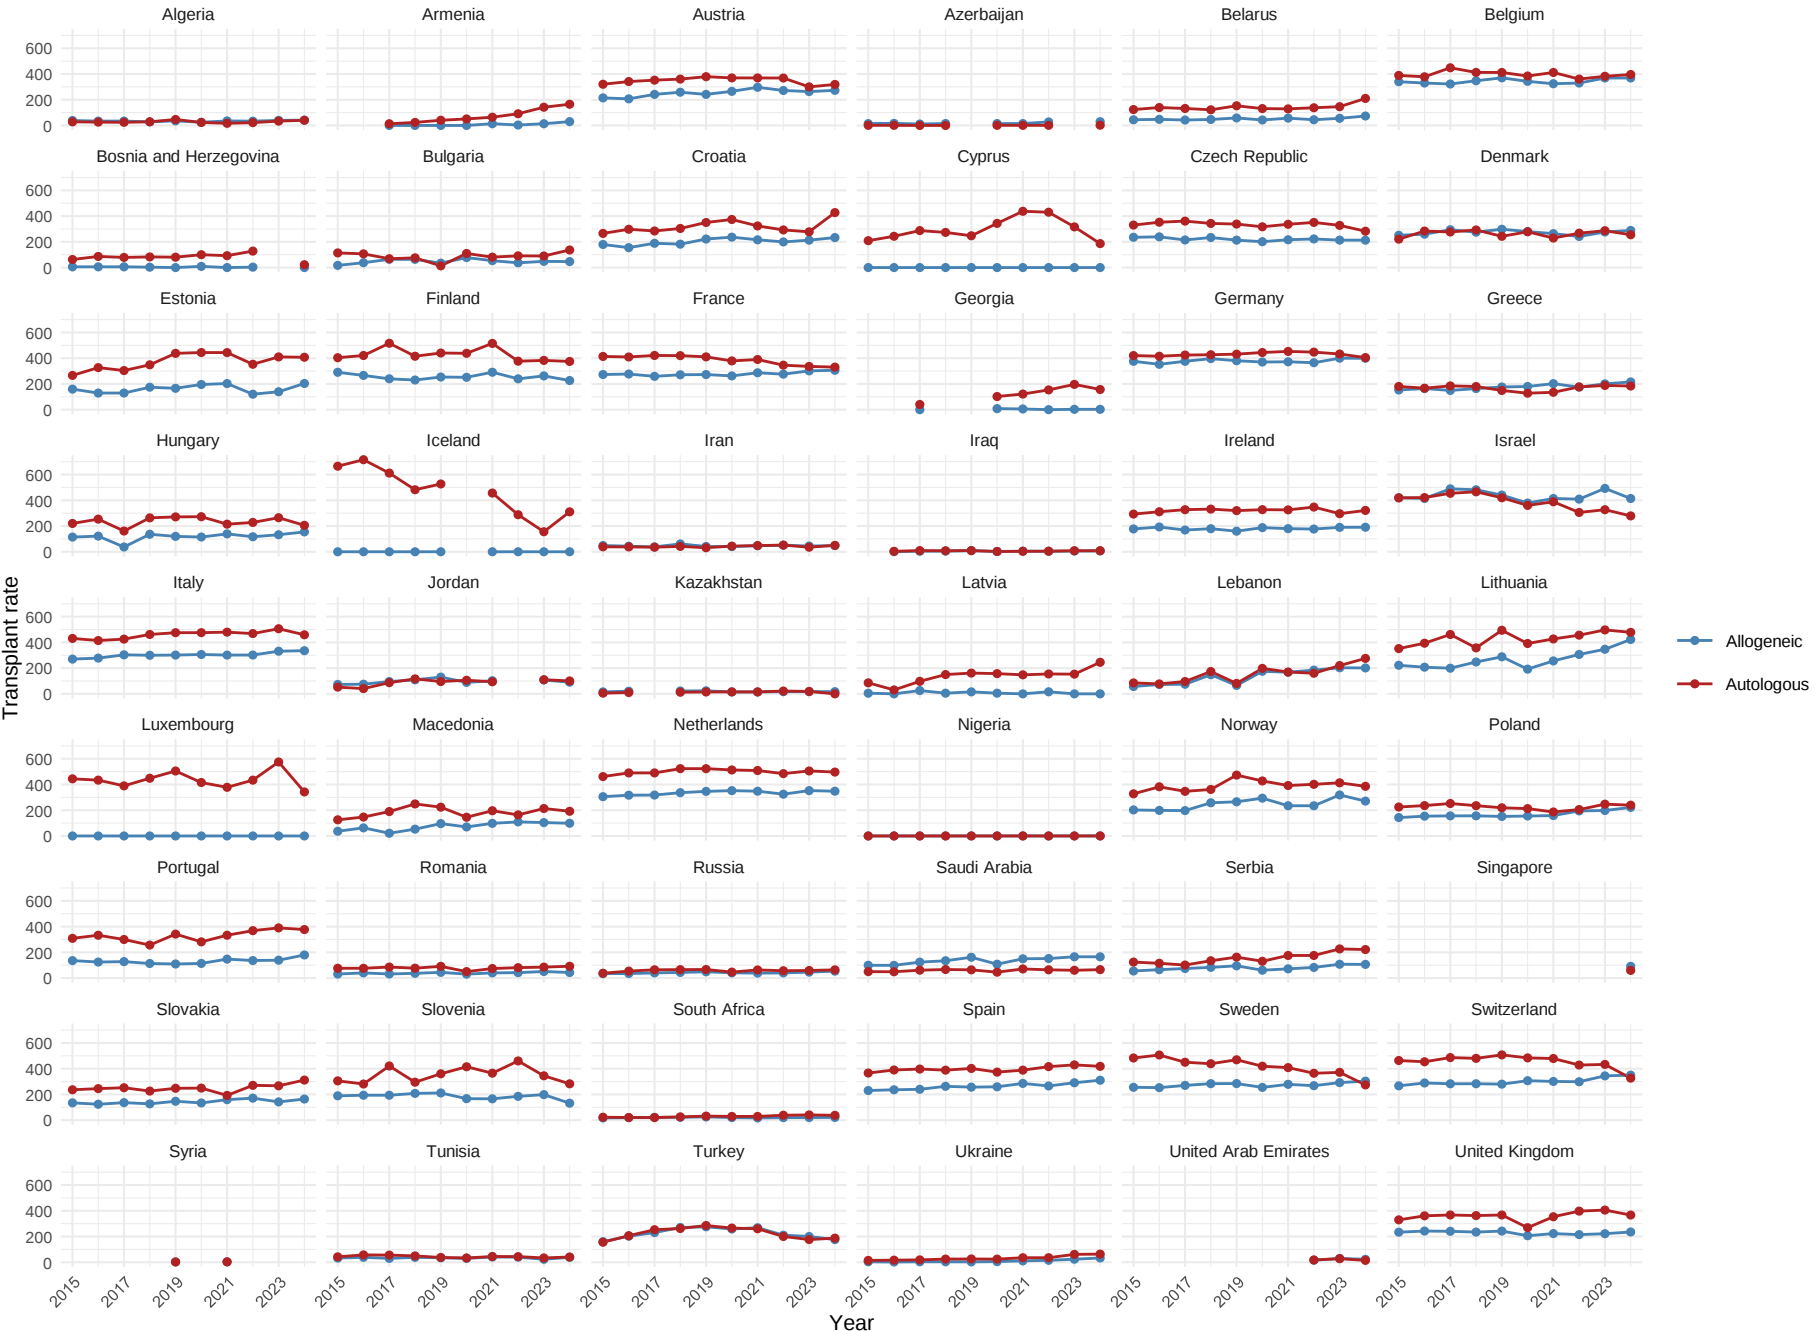

Supplemental Figure 3. Top 10 countries by increase in transplant rate (2015–2024).

Auto-HCT (TR per million population)

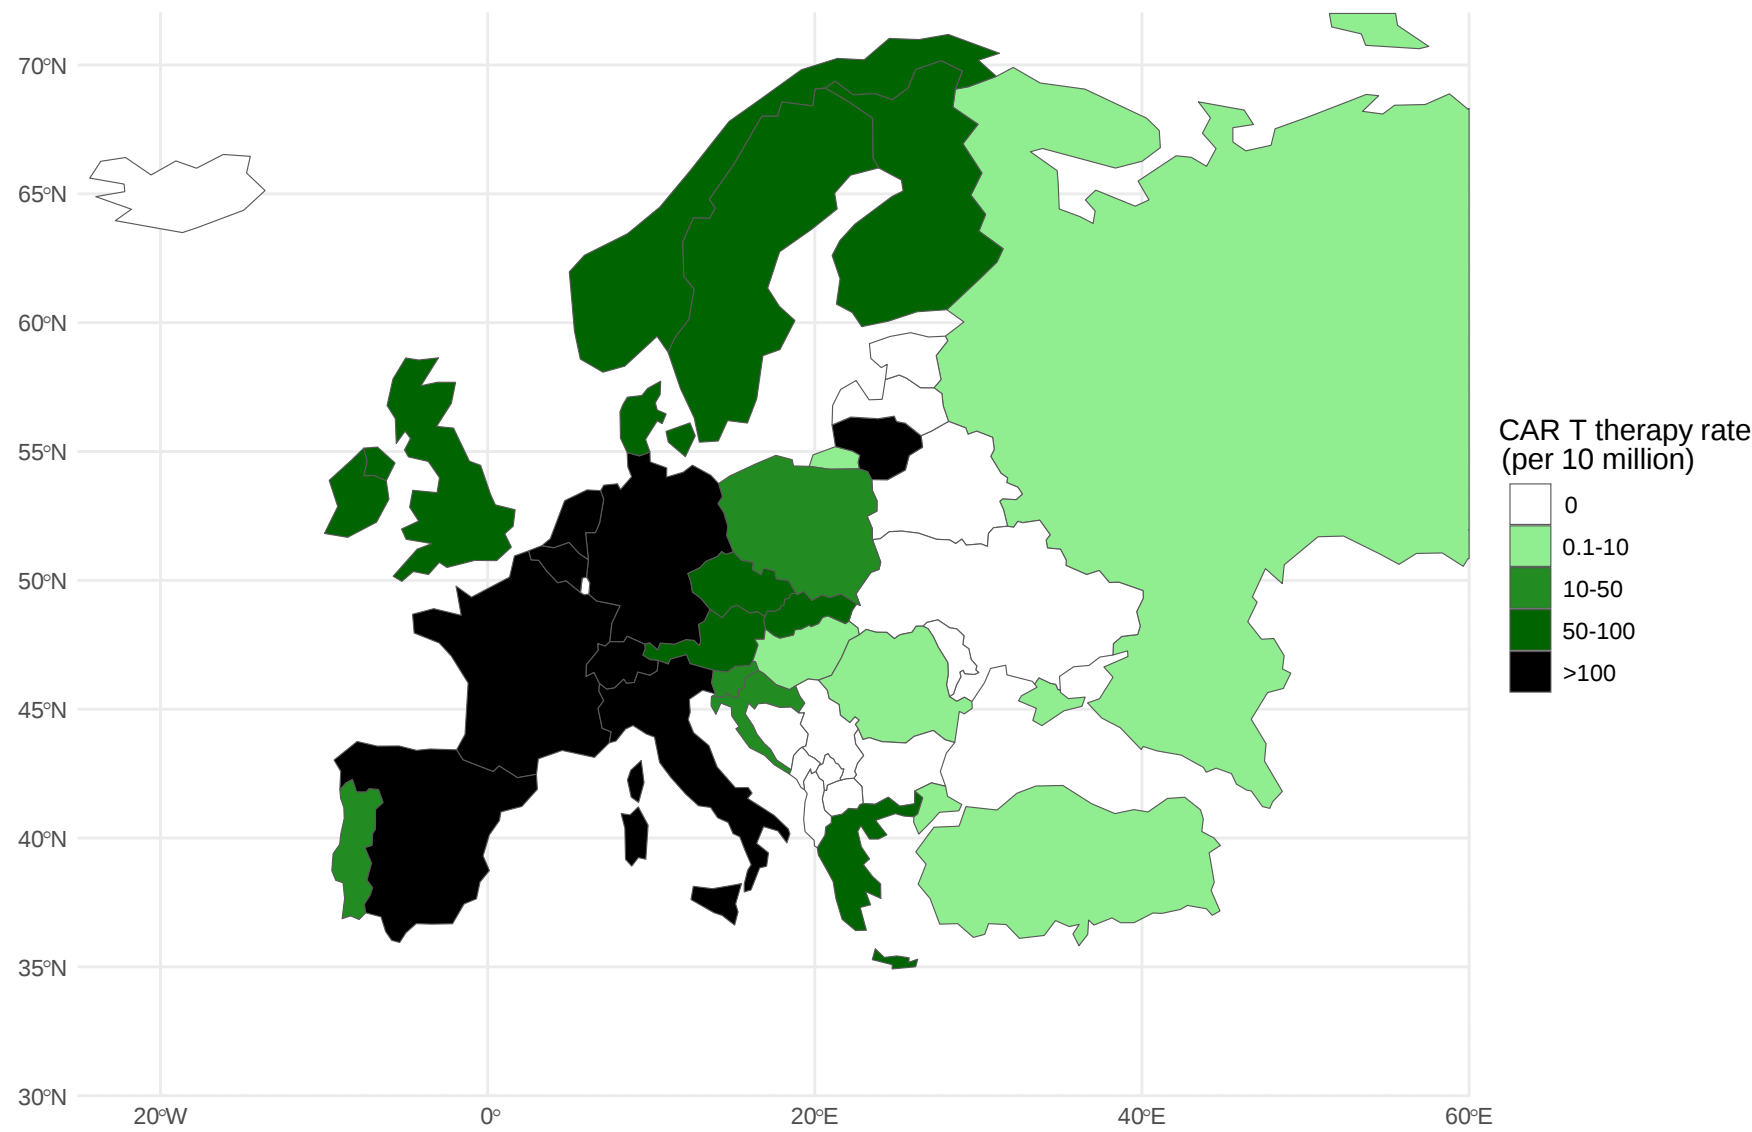

(b) Lines show annual TR trends from 2014 to 2025.

Supplemental Figure 4. Temporal patterns of autologous and allogeneic HCT across reporting countries, 2015–2024

Supplemental Figure 5. CAR-T rates in Europe in 2024 (per 10 million population).

Supplemental Figure 6. Temporal patterns of CAR-T therapies across reporting countries, 2018–2024
