Dear all,

as I am sure you are all aware, after the first revision of our Blm manuscript we have included Barnabás Németh, a MSc student who did the bulk of the genotyping experiments on the authors' list. The CDDis Editorial Office however needs your written consent to this change.

So please reply ASAP to this email, using your email address that is also used in the CDDis manucript tracking system and confirm if you agree with this change.

Best regards,

Dear Dr. Varga,

I am writing to inform you that I agree with the inclusion of Mr. Barnabás Németh into the authors' list of our Blm manuscript recently accepted for publication by CDD. The contribution of Mr Németh was essential for the production of the revised dataset that was accepted eventually by the journal.
