

Supplementary information, Fig. S10 Ligand densities in the three

conformations of OATP1B1 bound to E3S. a Cryo-EM maps of OATP1B1-E_{in},

OATP1B1-E_{ou} and OATP1B1-E_{oc}. **b** Local ligand density representations of E3S in

OATP1B1-E_{in} and possible densities of E3S in OATP1B1-E_{ou} and OATP1B1-E_{oc}. All

maps are aligned by CTD with model of OATP1B1-E_{in} shown as cartoon as a

reference.
