

Description of Additional Supplementary Files

Supplementary Data 1

List of the genes differentially expressed in the CKI group in comparison to the non-CKI group in protocol biopsies obtained 12 months after transplantation.

Supplementary Data 2

Multiple t-test on 186 genes previously validated to detect allograft rejection comparing the CKI and non-CKI groups in protocol biopsies obtained 3 months after transplantation.

Supplementary Data 3

Multiple t-test on 29 genes previously validated to detect acute kidney injury rejection comparing the CKI and non-CKI groups in protocol biopsies obtained 3 months after transplantation.
