

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Quantification of protein phosphorylation following HGF treatment.

File Name: Supplementary Data 2

Description: Quantification of T β R/BMPR signalling pathway profiler by qRT-PCR.

File Name: Supplementary Data 3

Description: Enrichr pathway enrichment analysis.

File Name: Supplementary Data 4

Description: Quantification of EMT score, SMURF2, MET, and HGF expression in bladder cancer cell lines.
