

Description of Additional Supplementary Files

Supplementary Data 1

Key resources for experimental methods. This file contains reagent names, vendors and identifiers for all the experimental resources referred to in the Methods.

Supplementary Movie 1

Full z-stack of control Day 32 human ALI cultures illustrates FOXI1 (red) and CFTR (green) co-localization to nuclei and apical surface, respectively, of the same cells. ECAD (white) delineates cell boundaries. 4 slices appear in Figure 8d.
