

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: **(a)** Transcriptome dataset of cord blood CD19+ vs thymic CD21-CD35-. Two-sided Wald-test with Benjamini-Hochberg false discovery ration (FDR) adjustment (n=5). **(b)** Transcriptome dataset of cord blood CD19+ vs thymic CD21+CD35+. Two-sided Wald-test with Benjamini-Hochberg false discovery ration (FDR) adjustment (n=5).

File Name: Supplementary Data 2

Description: Transcriptome dataset of thymic CD21+CD35+ vs thymic CD21-CD35-. Two-sided Wald-test with Benjamini-Hochberg false discovery ration (FDR) adjustment (n=5).

File Name: Supplementary Data 3

Description: List of DEG by cluster. Two-sided MAST (Model-based Analysis of Single-cell Transcriptomics) test with Bonferroni correction.
