

1 **File Name: Supplementary Data 1**
2 Description: Library information
3
4 **File Name: Supplementary Data 2**
5 Description: Individual-level contamination estimates
6
7 **File Name: Supplementary Data 3**
8 Description: Published reference data
9
10 **File Name: Supplementary Data 4**
11 Description: Outgroup f_3 -statistics
12
13 **File Name: Supplementary Data 5**
14 Description: f_4 -statistics comparing 9,600-7,300 BP and 5,600-3,700 BP individuals
15
16 **File Name: Supplementary Data 6**
17 Description: f_4 -statistics testing for allele-sharing between the 9,600-7,300 BP and 5,600-3,700
18 BP individuals
19
20 **File Name: Supplementary Data 7**
21 Description: F_4 -statistics comparing the 9,600-7,300 BP and 5,600-3,700 BP groups separately to
22 present-day Central and South Americans
23
24 **File Name: Supplementary Data 8**
25 Description: f_4 -statistics comparing 5,600-3,700 BP individuals and present-day Maya
26
27 **File Name: Supplementary Data 9**
28 Description: newly reported genotype data (zipped file)
29 Belize.ind [list of individuals with sex and group ID information]
30 Belize.snp [list of SNPs with position information]
