

Description of Additional Supplementary Files

File Name: Supplementary Movie 1

Description: Cancer cell incubation in their own conditioned media allows sphere formation by proneural glioma stem cells (GSC1079).

File Name: Supplementary Movie 2

Description: Cancer cell incubation in endothelial conditioned media disrupts sphere formation by proneural glioma stem cells (GSC1079).

File Name: Supplementary Movie 3

Description: Cancer cell incubation with their own extracellular vesicles allows sphere formation by proneural glioma stem cells (GSC157).

File Name: Supplementary Movie 4

Description: Cancer cell incubation with endothelial extracellular vesicles disrupts sphere formation by proneural glioma stem cells (GSC157).
