

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: data file containing the following analyses and items:

- one-versus-rest cluster comparisons of data represented in Figure 3A.
- iCAF and myCAF gene signatures
- full Gene Ontology analysis of iCAFs, myCAFs, CD26- NFs and CD26+ NFs (related to main figure 3D-E and supplemental figure 10A-B)
- qPCR primer sequences for iCAF and myCAF markers (related to figure 3H and supplemental figure 7D).
