

Description of Additional Supplementary Files

File Name: Supplementary Movie 1

Description: Bending shape programming

File Name: Supplementary Movie 2

Description: Torsion shape programming

File Name: Supplementary Movie 3

Description: Debossing and Embossing

File Name: Supplementary Movie 4

Description: Shape memory relaxation between solid 3D objects

File Name: Supplementary Movie 5

Description: In-plane morphing

File Name: Supplementary Movie 6

Description: Out-of-plane morphing

File Name: Supplementary Movie 7

Description: Solid object morphing
