

Description of additional supplementary files

Title: Supplementary Data 1.

Description: Allocation of specific DAPs represented in Venn diagram (Figure 3c).

Title: Supplementary Data 2.

Description: Allocation of specific DAPs represented in Venn diagram (Figure 5c).

Title: Supplementary Movie 1.

Description: Representative video of a UNO section (20 μ m). Note the astrocyte-rich areas (GFAP, red) and neuron-rich areas (MAP2, magenta) located outside the ventricular zones, high in neural progenitor cells (SOX2, yellow).

Title: Supplementary Movie 2.

Description: Representative video of PeV-A1 infected UNOs and stained for nuclei (cyan), and immunolabelled for PeV-A1 VP1 (magenta) and dsRNA (yellow).

Title: Supplementary Movie 3.

Description: Representative video of PeV-A3 infected UNOs and stained for nuclei (cyan), and immunolabelled for PeV-A3 VP3 (magenta) and dsRNA (yellow).
