

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Telo-seq summary HG002 chromosome arm-specific telomere

File Name: Supplementary Data 2

Description: Telo-seq summary IMR90 ^{E6E7} progression chromosome-arm specific telomere length.

File Name: Supplementary Data 3

Description: Telo-seq summary HG002 allele-specific telomere length.

File Name: Supplementary Data 4

Description: Telo-seq summary fibroblasts of aging cohort chromosome-arm specific telomere length.

File Name: Supplementary Data 5

Description: Telo-seq summary iPSCs chromosome-arm specific telomere length.
