Reviewer #1

(Remarks to the Author)

I would like to thank the authors for their comprehensive responses to my questions. I appreciate the considerable effort they invested in conducting additional experiments during the review process. The authors have adequately addressed my concerns, and I can recommend the publication of their paper in Nature Communications.

Reviewer #3

(Remarks to the Author)

I have read the revised manuscript and the authors response. I believe the revised manuscript provides more context on the importance and novelty of the work. With these changes, I think this work is appropriate for publication in Nature Communications.
