

Description of Additional Supplementary Files

Supplementary Data 1: Distribution of person years by socio-demographic characteristics and sexual behaviour among the men in each study for whom there is information, as a percentage of the total time spent in each age group.

Supplementary Data 2: Distribution of person years by socio-demographic characteristics and sexual behaviour among the women in each study for whom there is information, as a percentage of the total time spent in each age group

Supplementary Data 3: Crude HR for HIV incidence in each study among women aged 15-24

Supplementary Data 4: Crude HR for HIV incidence in each study among women aged 25-49

Supplementary Data 5: Crude HR for HIV incidence in each study among men aged 15-24

Supplementary Data 6: Crude HR for HIV incidence in each study among men aged 25-49

Supplementary Data 7: Adjusted HR for HIV incidence among women aged 15-24 from four multivariate models

Supplementary Data 8: Adjusted HR for HIV incidence among women aged 25-49 from four multivariate models

Supplementary Data 9: Adjusted HR for HIV incidence among men aged 15-25 from four multivariate models

Supplementary Data 10: Adjusted HR for HIV incidence among men aged 25-49 from four multivariate models

Supplementary Data 11: Adjusted HR for selected risk factors for women in Karonga, Kisesa and Rakai including measures of partnership dynamics, by age for 2005-16 inclusive

Supplementary Data 12: Adjusted HR for selected risk factors for men in Karonga, Kisesa and Rakai including measures of partnership dynamics, by age for 2005-16 inclusive

Supplementary Data 13: Adjusted HR for selected risk factors for 2013-16 only, based on data from Kisesa, Masaka, Rakai, uMkhanyakude, Kisumu and Ifakara
