

Mesoscale Carbon Fiber Lattices with Foam-Like Weight and Bulk Strength

Corresponding Author: Professor Sung-Hoon Ahn

This manuscript has been previously reviewed at another journal that is not operating a transparent peer review scheme. The manuscript was considered suitable for publication without further review at Nature Communications.

This file contains all reviewer reports in order by version, followed by all author rebuttals in order by version.

Version 0:

Reviewer comments:

Reviewer #1

(Remarks to the Author)

The changes made to the text cover the current state of the art better than in the first submission. The reviewers' comments have been taken into account.

(Remarks on code availability)

Reviewer #2

(Remarks to the Author)

I would like to express my gratitude for the improved manuscript and inform the author that I have no further comments.
