

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Inheritance mode of syntenic MHS in BM hybrids

File Name: Supplementary Data 2

Description: Inheritance mode of non-syntenic MHS in BM hybrids

File Name: Supplementary Data 3

Description: Inheritance mode of gene in BM hybrids

File Name: Supplementary Data 4

Description: Putative super-enhancers in B73, Mo17 and BM genomes

File Name: Supplementary Data 5

Description: Regulatory categories of MHS

File Name: Supplementary Data 6

Description: Regulatory categories of gene

File Name: Supplementary Data 7

Description: List of non-additive genes near the non-additive MHS
