

Description of Additional Supplementary Files

File Name: Supplementary Movie 1

Description: Morphogenetic growth animation of the mechanical cloak at 603^2 pixel resolution, showing the self-organization of elliptical microstructures from a near-uniform initial condition.

File Name: Supplementary Movie 2

Description: Morphogenetic growth animation of the mechanical cloak at 1005^2 pixel resolution.

File Name: Supplementary Movie 3

Description: Morphogenetic growth animation of the mechanical cloak at 1407^2 pixel resolution.
