authors and unedited

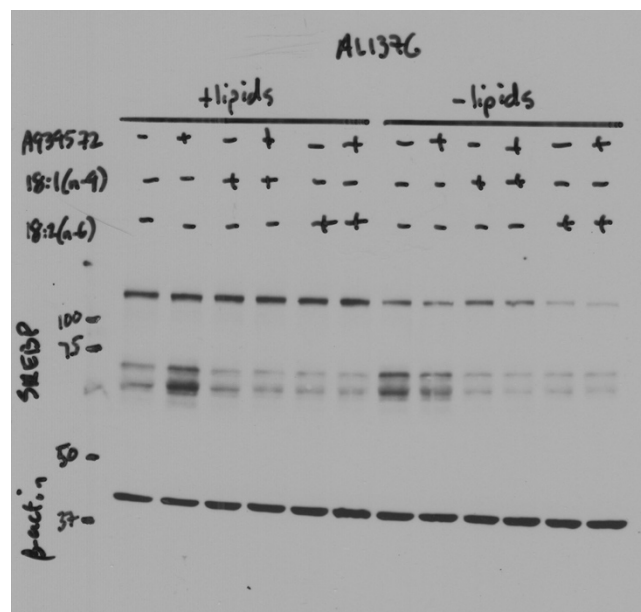

Supplementary Figure 1. Uncropped Western blots of mSCD1 and vinculin from Figure 4c.

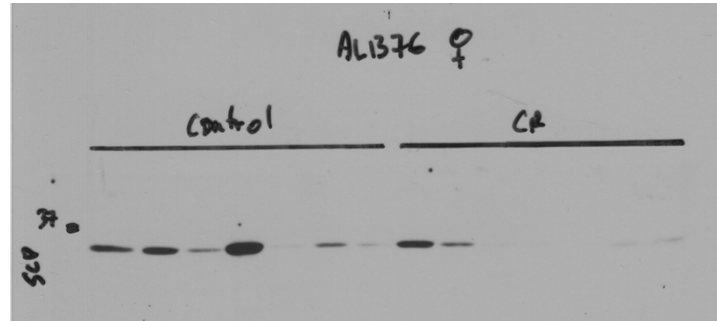

Supplementary Figure 2. Uncropped Western blot of mSCD1 from Figure 4f.

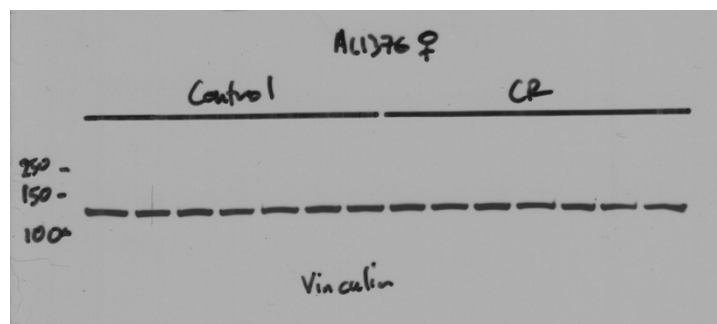

Supplementary Figure 3. Uncropped Western blot of vinculin from Figure 4f.

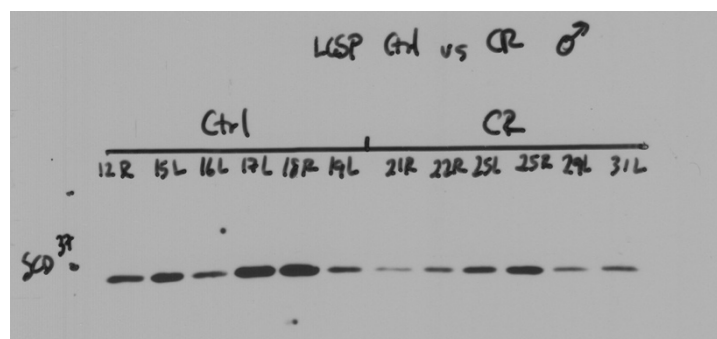

Supplementary Figure 4. Uncropped Western blots of m-SREBP1 and β -actin from Extended Data Figure 4i.

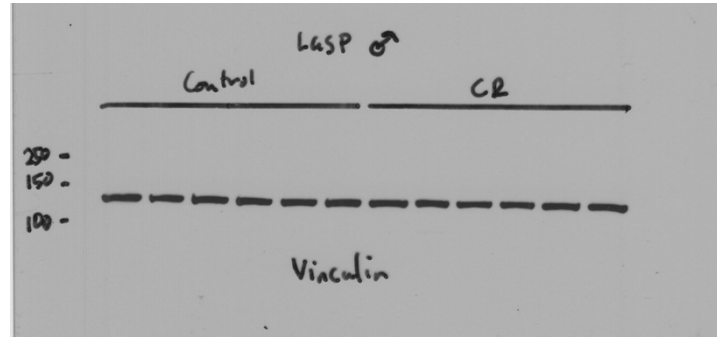

Supplementary Figure 5. Uncropped Western blot of mSCD1 from Extended Data Figure 6h.

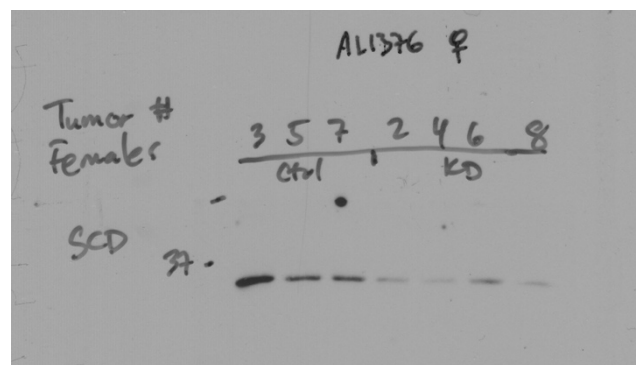

Supplementary Figure 6. Uncropped Western blot of vinculin from Extended Data Figure 6h.

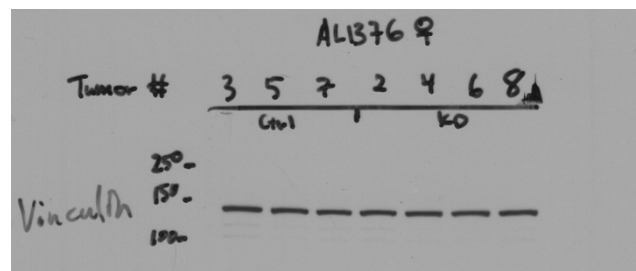

Supplementary Figure 7. Uncropped Western blot of mSCD1 from Extended Data Figure 6i.

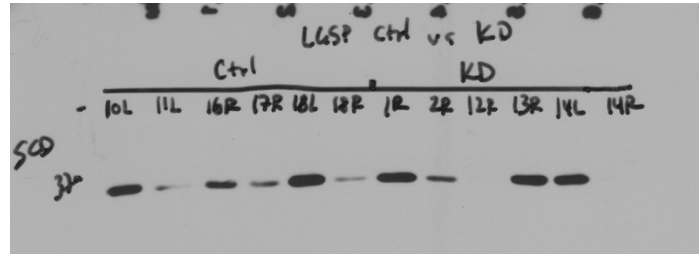

Supplementary Figure 8. Uncropped Western blot of vinculin from Extended Data Figure 6i.

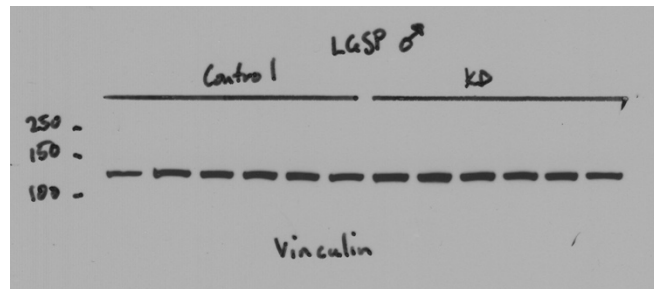

Supplementary Figure 9. Uncropped Western blot of mSCD1 from Extended Data Figure 6q.

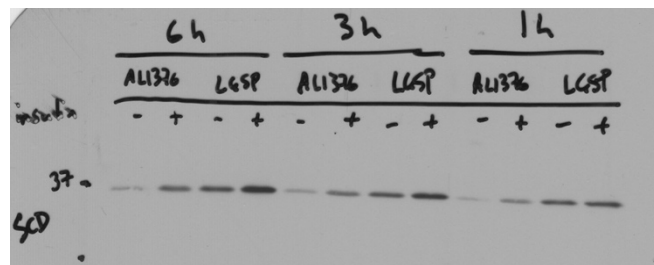

Supplementary Figure 10. Uncropped Western blot of vinculin from Extended Data Figure 6q.

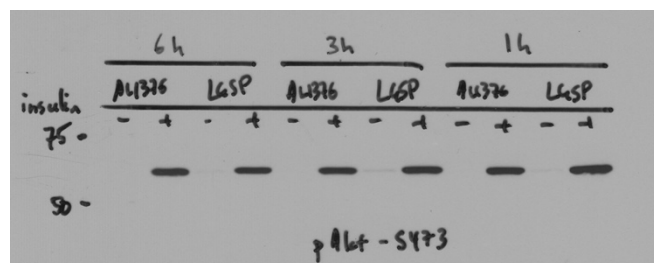

Supplementary Figure 11. Uncropped Western blot of mSCD1 from Extended Data Figure 6r.

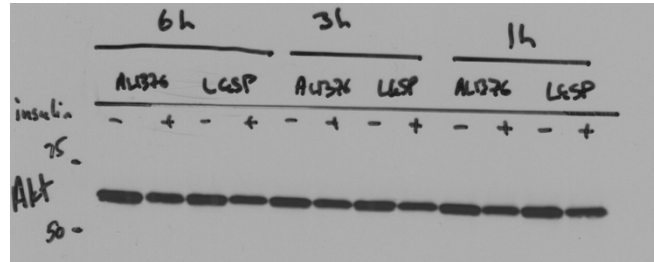

Supplementary Figure 12. Uncropped Western blot of vinculin from Extended Data Figure 6r.

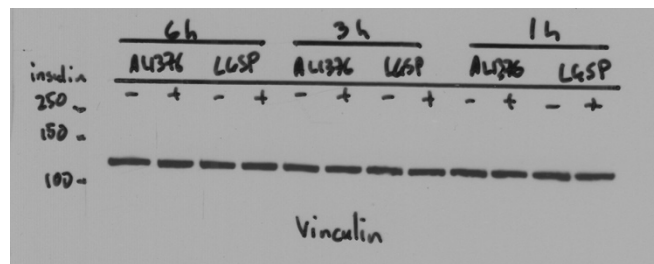

Supplementary Figure 13. Uncropped Western blot of mSCD1 from Extended Data Figure 6s.

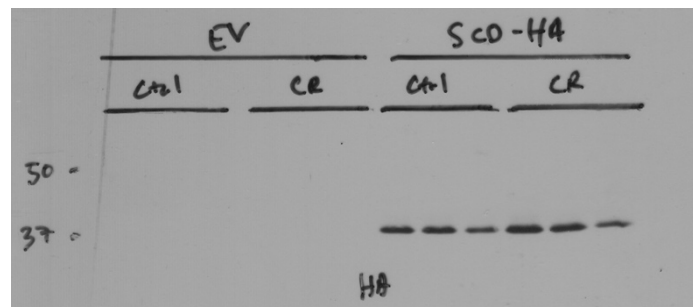

Supplementary Figure 14. Uncropped Western blot of p-AKT S473 from Extended Data Figure 6s.

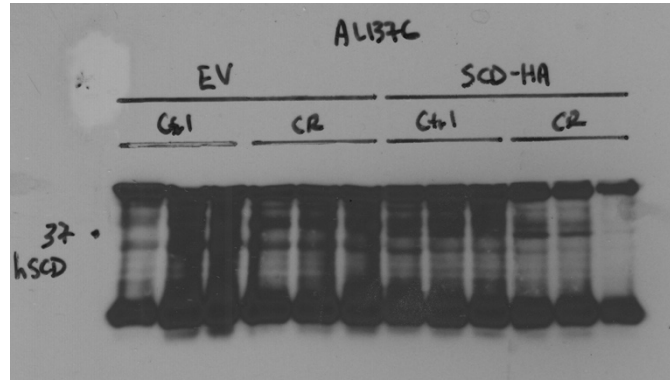

Supplementary Figure 15. Uncropped Western blot of AKT from Extended Data Figure 6s.

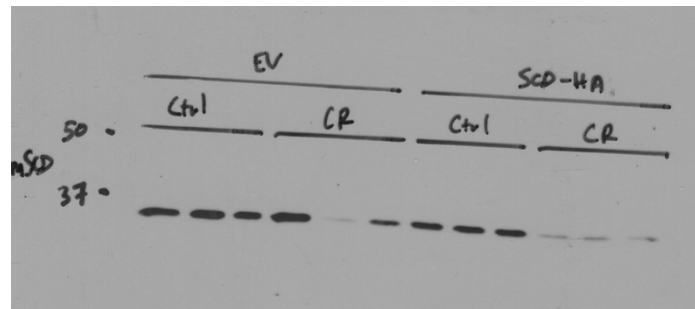

Supplementary Figure 16. Uncropped Western blot of vinculin from Extended Data Figure 6s.

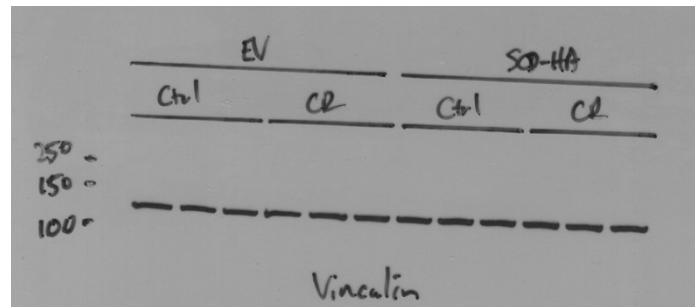

Supplementary Figure 17. Uncropped Western blot of HA from Extended Data Figure 7k.

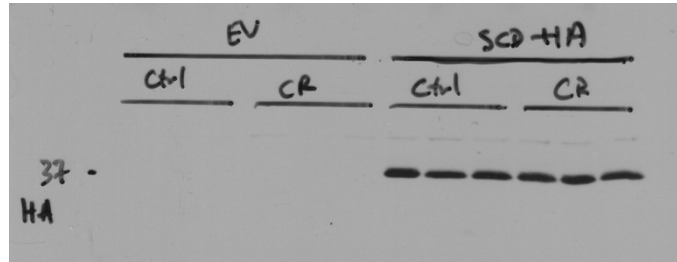

Supplementary Figure 18. Uncropped Western blot of hSCD from Extended Data Figure 7k.

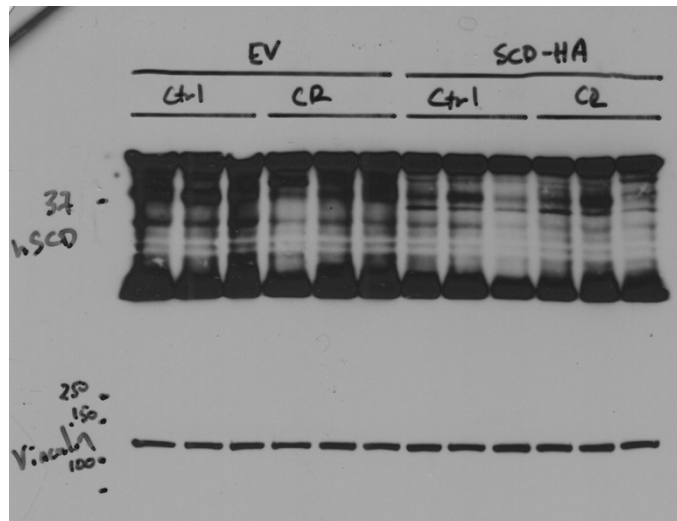

Supplementary Figure 19. Uncropped Western blot of mSCD1 from Extended Data Figure 7k.

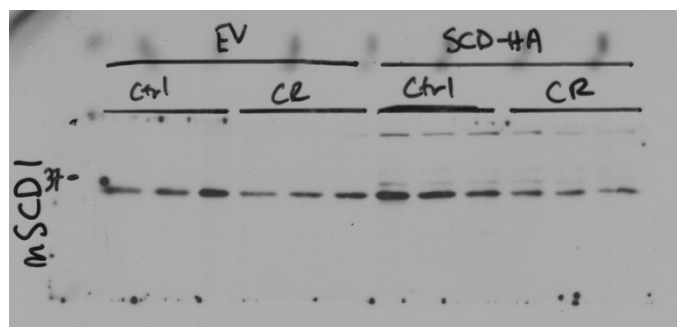

Supplementary Figure 20. Uncropped Western blot of vinculin from Extended Data Figure 7k.

Supplementary Figure 21. Uncropped Western blot of HA from Extended Data Figure 7o.

Supplementary Figure 22. Uncropped Western blots of hSCD and vinculin from Extended Data Figure 7o.

Supplementary Figure 23. Uncropped Western blot of mSCD1 from Extended Data Figure 7o.
