

**Title: Cell fusing agent virus and dengue virus mutually interact in *Aedes aegypti* cell lines**

Guangmei Zhang, Sultan Asad, Alexander A Khromykh, and Sassan Asgari

To comply with the digital image and integrity policies of *Scientific Reports*, in this supplementary file, we present the available original gel images of cropped gel images displayed in the manuscript. Where relevant samples had been run with other samples in the gel, they have been labelled, but not the rest of the samples.
