## Supplementary Information

**Supplementary Tables**

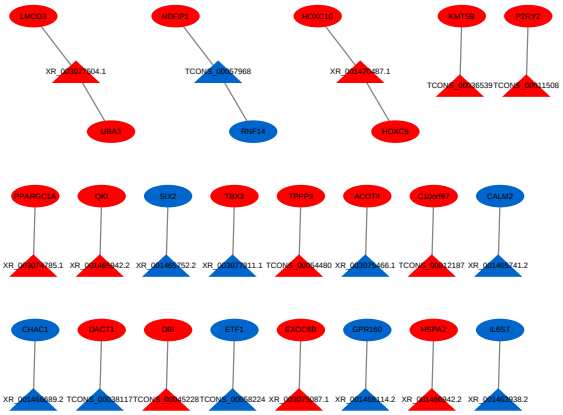
**Supplementary Table S1. Details of differentially expressed lncRNAs.**

**Supplementary Table S2. Details of differentially expressed circRNAs.**

**Supplementary Table S3. The interaction between DE-lncRNAs and DE-miRNAs.**

**Supplementary Table S4. The interaction between DE-circRNAs and DE-miRNAs.**

Supplementary Figure
Supplementary Fig. S1



Supplementary Fig. S1. Interactions between DE-lncRNAs and DE-gene. Genes are shown in circular, lncRNA are shown in triangle.RNA exhibiting up-regulation are shown in red, whereas RNA exhibiting down-regulation are blue in green.
