

Supplementary Figure S1.

Panel A. Protein ascitic fluid count

Panel C. Lactate Deshydrogenase ascitic fluid count

Panel E. Leukocyte ascitic fluid count

Panel B. Glucose ascitic fluid count

Panel D. polymorphonuclear leukocytes ascitic fluid count

Supplementary Figure S1.

ROC curves associating optimal cut-off values regarding the Youden index for each of Ascitic fluid parameters. Panel A. Protein ascitic fluid count ; Panel B. Glucose ascitic fluid count; Panel C. Lactate Deshydrogenase ascitic fluid count; Panel D. polymorphonuclear leukocytes ascitic fluid count; and Panel E. Leukocyte ascitic fluid count.
