

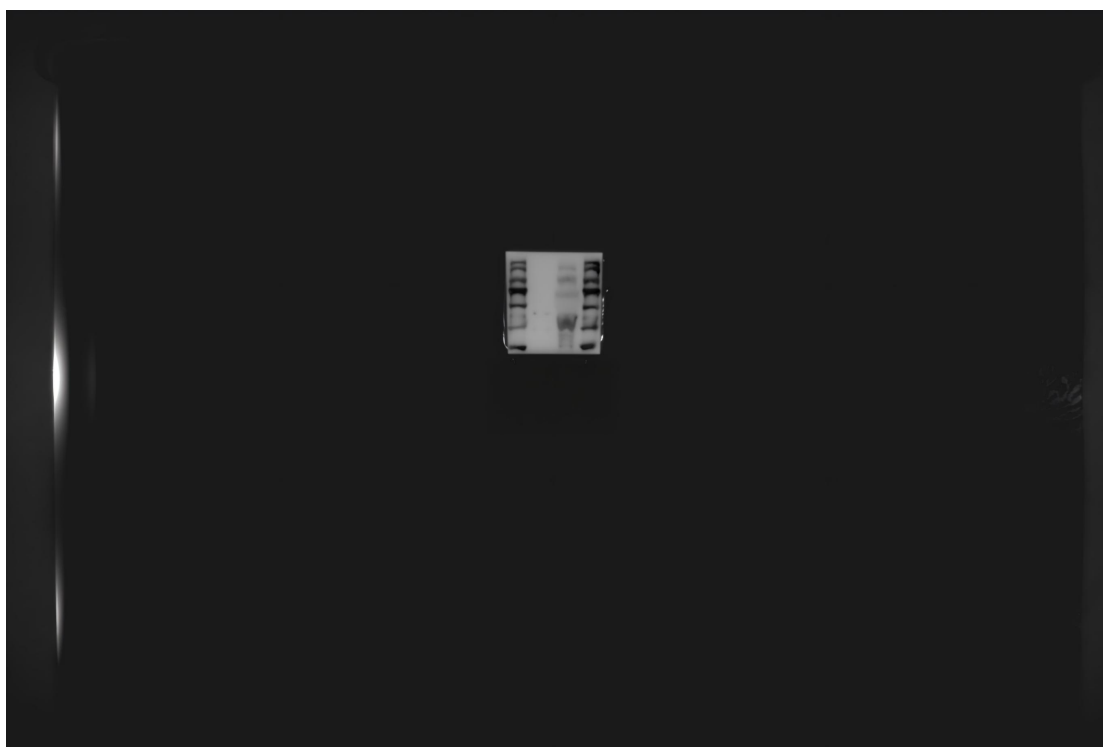

Figure S1 The protein expression of Tsg101 in UC-MSC and UC-MSC-EXo were detected by western blot.

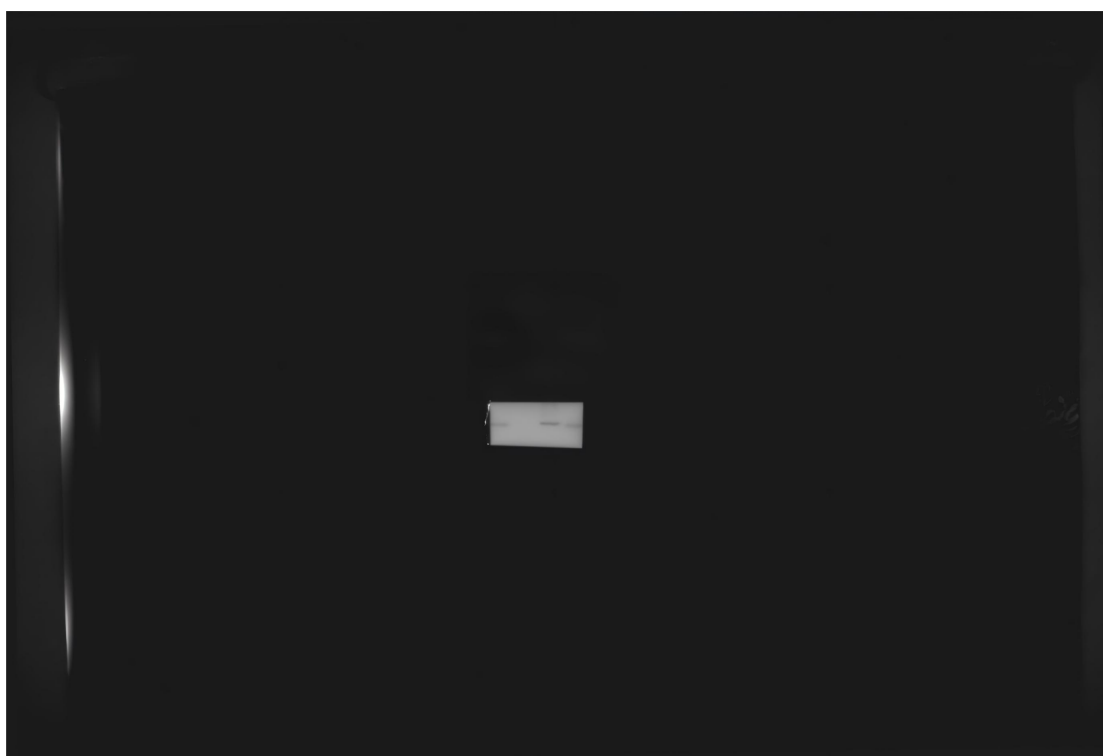

Figure S2 The protein expression of CD9 in UC-MSC and UC-MSC-EXo were detected by western blot.

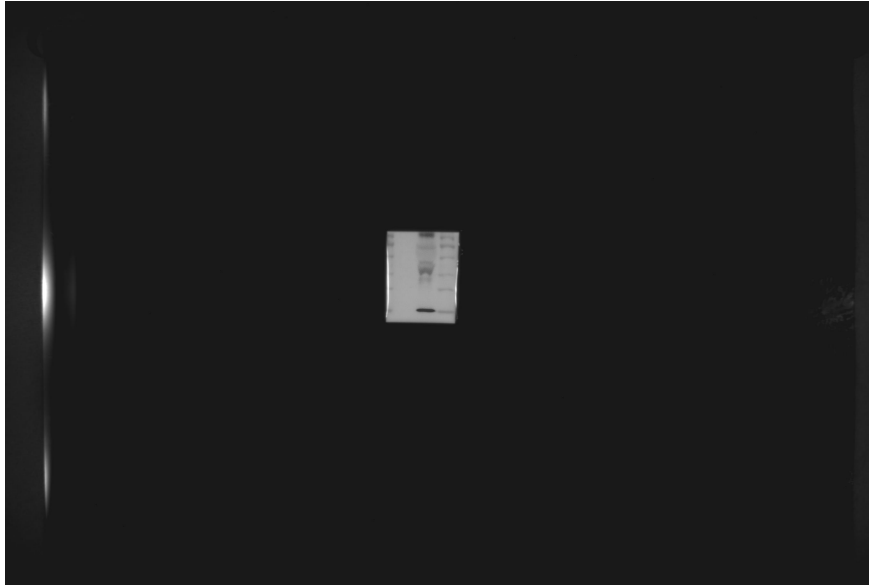

Figure S3 The protein expression of CD63 in UC-MSC and UC-MSC-EXo were detected by western blot.

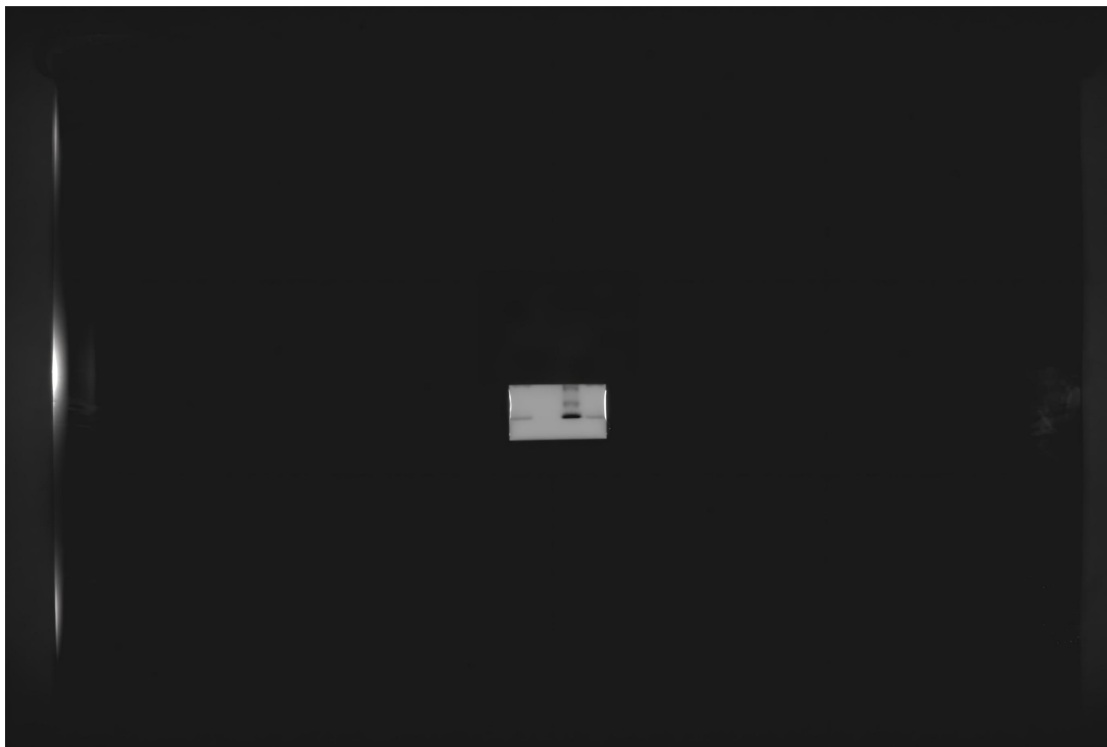

Figure S4 The protein expression of CD81 in UC-MSC and UC-MSC-EXo were detected by western blot.

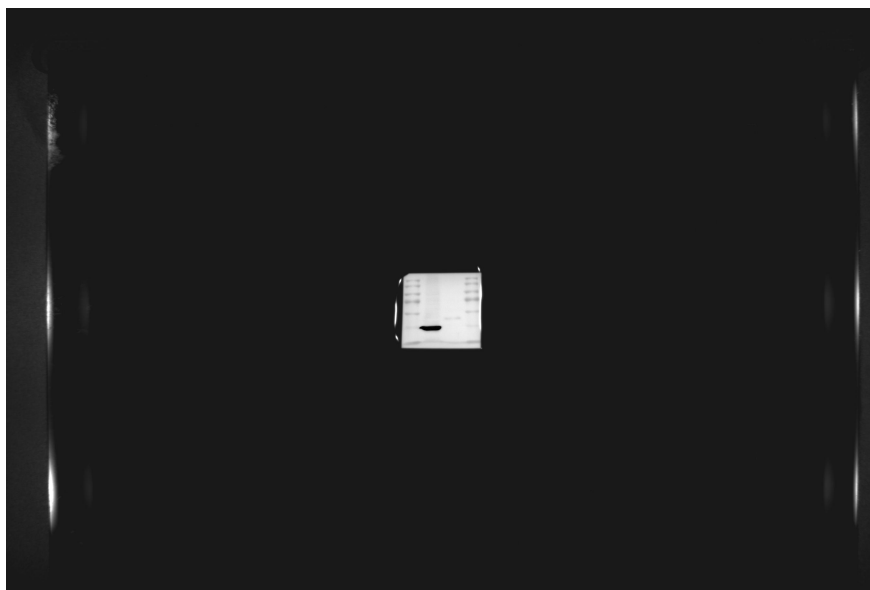

Figure S5 The protein expression of β -Acting in UC-MSC and UC-MSC-EXo were detected by western blot.

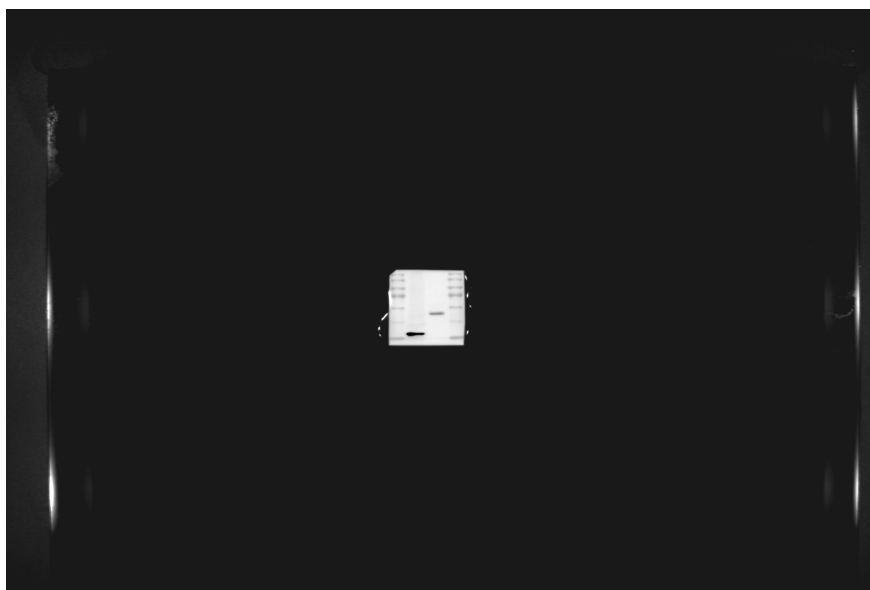

Figure S6 The protein expression of GAPDH in UC-MSC and UC-MSC-EXo were detected by western blot.
