

Supplementary Material Figure 1a: Biofilm prevention IC₅₀ values of treatment groups against MRSA 1

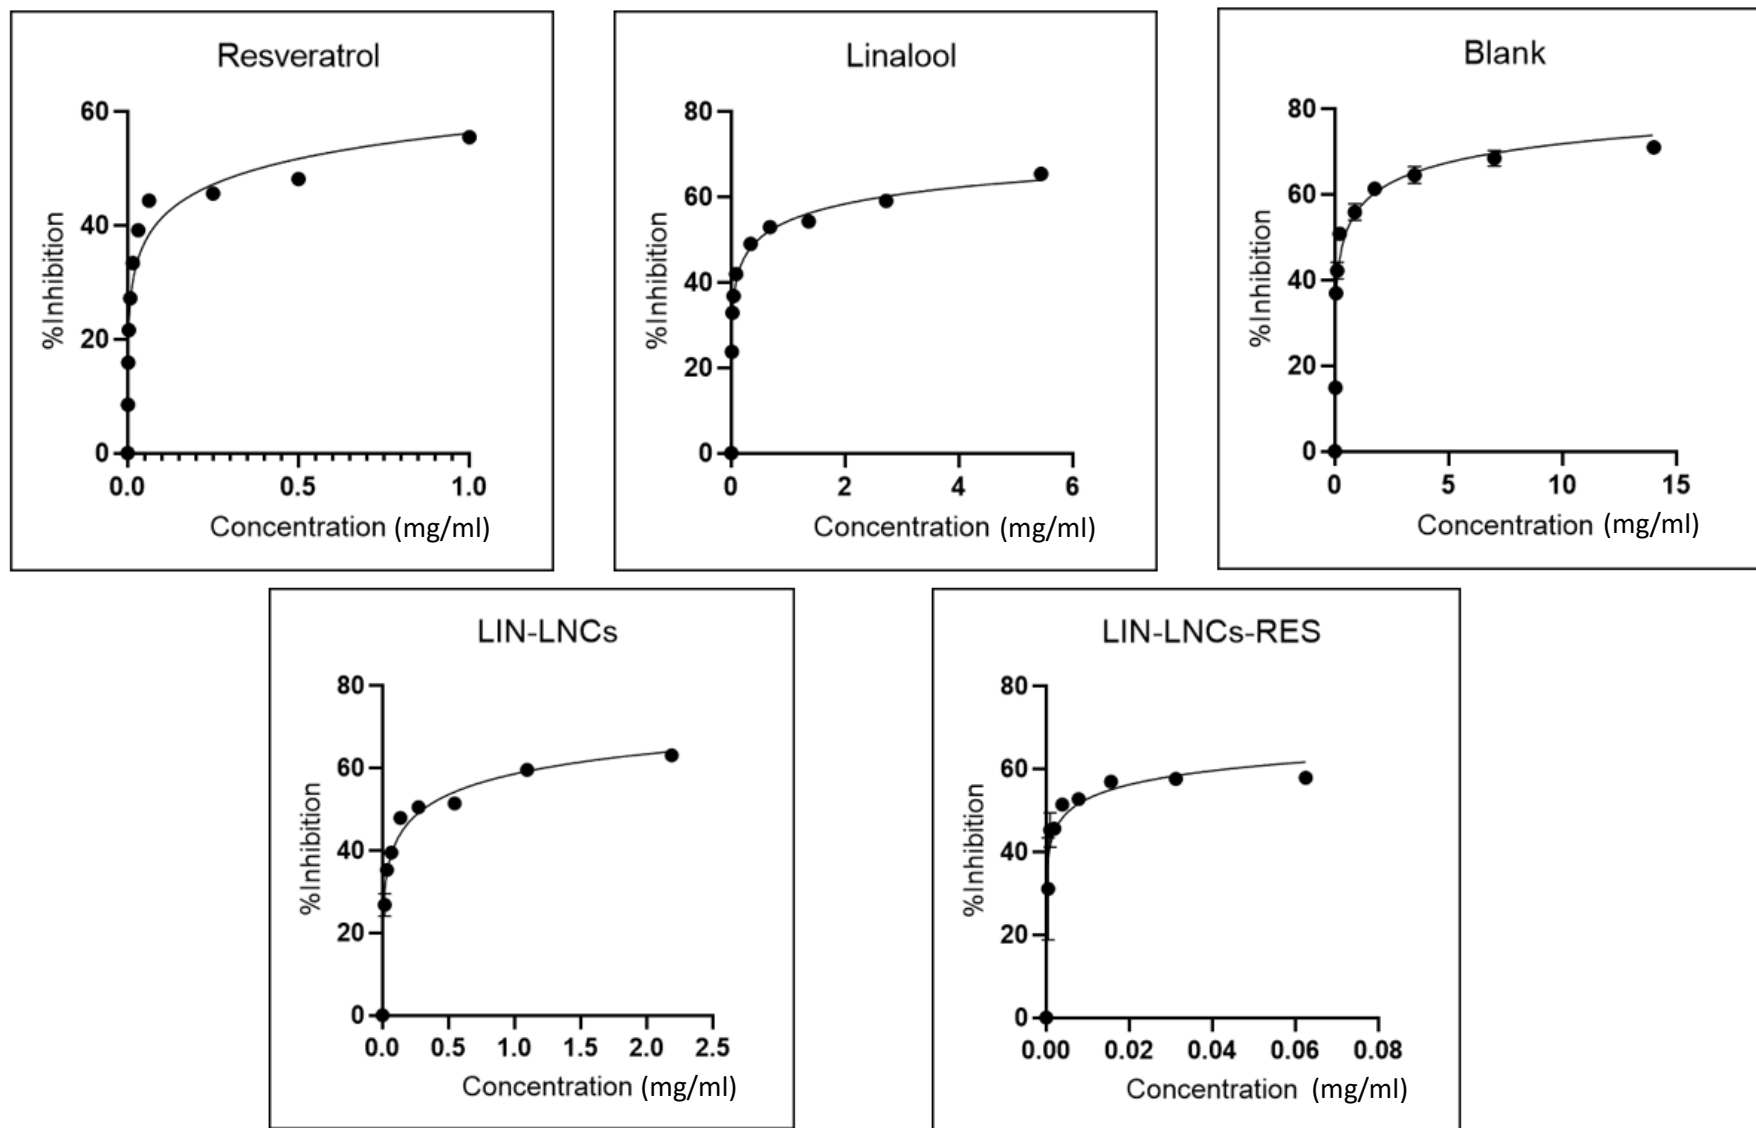

Supplementary Material Figure 1b: Biofilm prevention IC50 values of treatment groups against MRSA 3

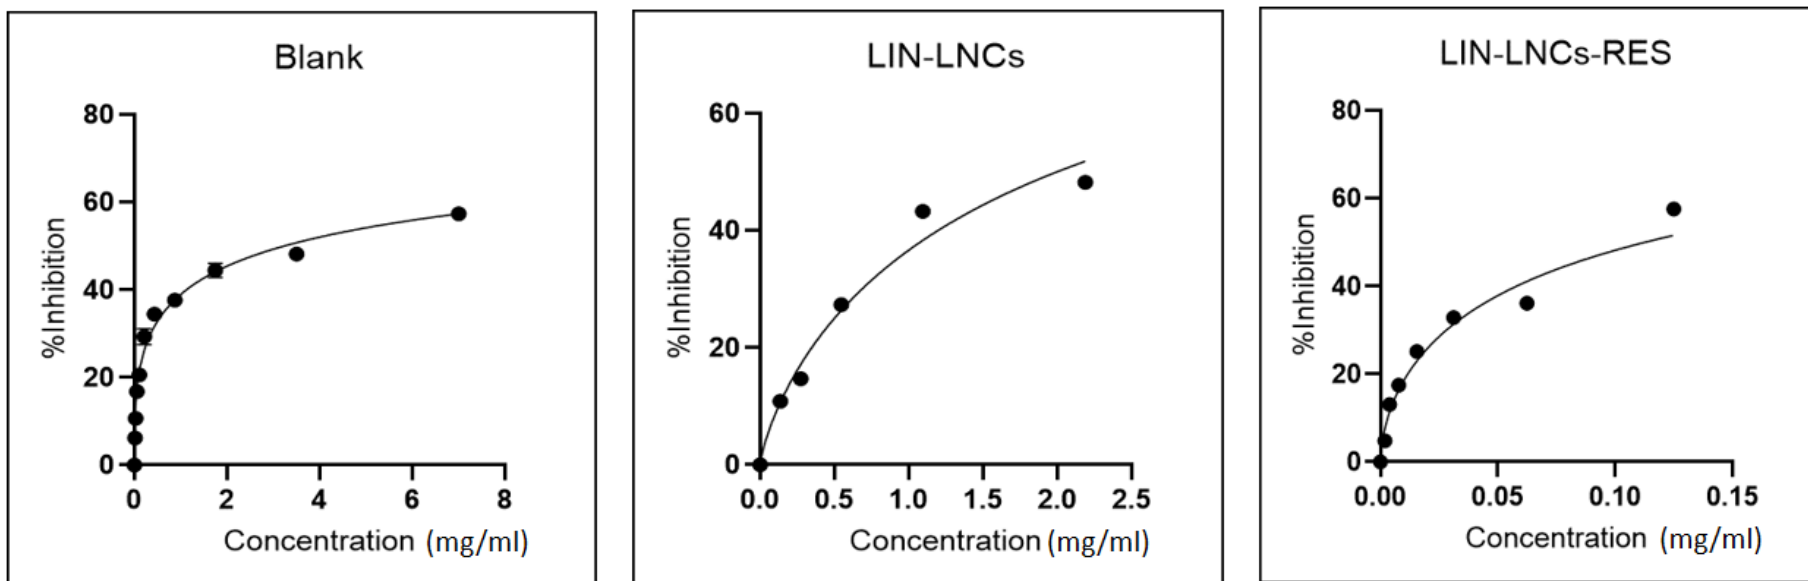

Supplementary Material Figure 1c: Biofilm prevention IC₅₀ values of treatment groups against MRSA 4

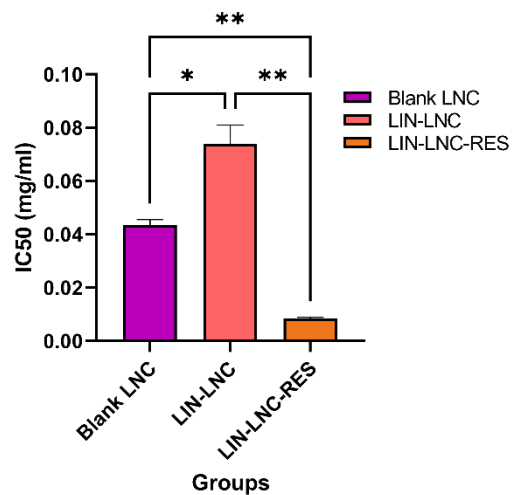

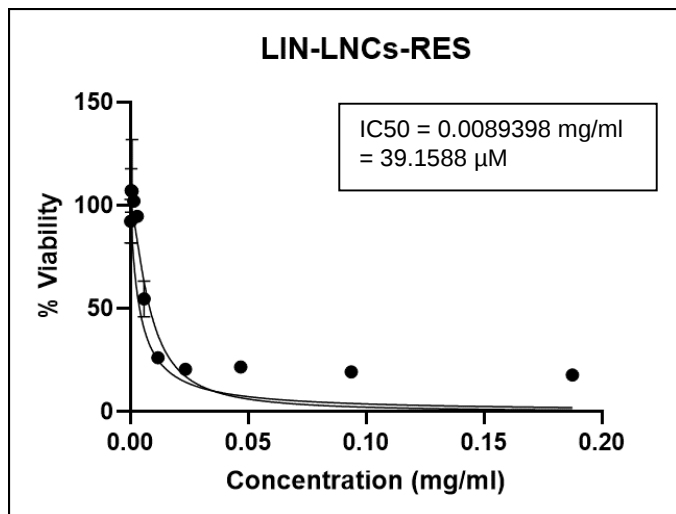

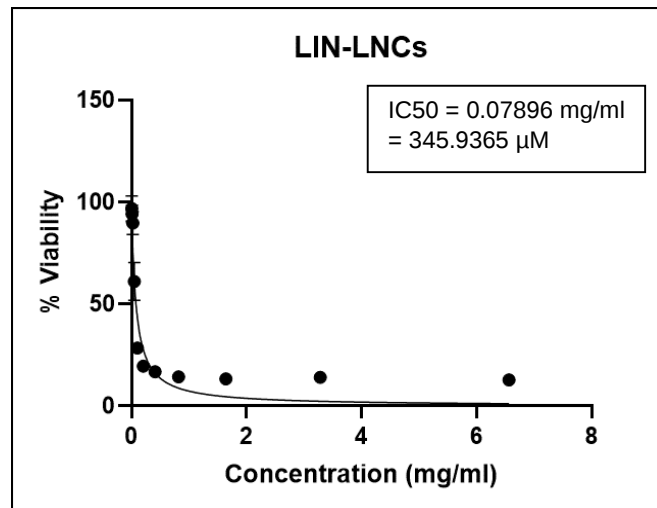

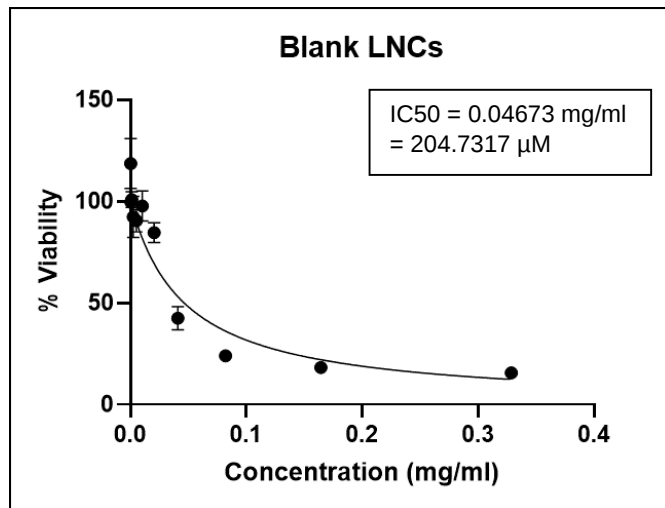

Supplementary Material Figure 2a: Biofilm eradication IC50 values of treatment groups against MRSA 1

Supplementary Material Figure 2b: Biofilm eradication IC₅₀ values of treatment groups against MRSA 3

Supplementary Material Figure 2c: Biofilm eradication IC₅₀ values of treatment groups against MRSA 4

Supplementary Material Figure 3: The IC₅₀ values of a: Blank LNCs b: LIN-LNC c: LIN-LNC-RES on A549 lung cell line. d: Statistical analysis of IC₅₀ values of Blank LNCs LIN-LNC LIN-LNC-RES by One-way ANOVA followed by Tukey's Post-hoc test for multiple comparisons among different groups. * p < 0.05, ** P < 0.01, *** P < 0.001
