

Ethical Approval Certificate

Approval number: CAU 2023940087

Issued on: May 12th, 2023

Project Name: AI Image Generation Technology for Visual Communication Design

Main researchers: Guohao Kong, Long Zhang, Junghyen Kim

Review date: May 12th, 2023

Approval validity period: Continuously valid

Review decision: Approval

The Institutional Ethics Committee of the Graduate School of Advanced Imaging Science and Imaging at Central University has reviewed the above-mentioned research. The committee confirms that the research protocol, experimental procedures, data collection process, and informed consent procedure of the study comply with relevant ethical guidelines and regulations, including the Helsinki Declaration and school regulations.

Informed consent:

All human subjects who participated in the subjective evaluation (10 professional visual communication designers) had signed informed consent forms before participation. Participants are fully informed of the research objectives, procedures, voluntary nature of participation, and the right to withdraw from the study unconditionally at any time. Written informed consent has been obtained and recorded.

Approval criteria: The research must be conducted in accordance with the approved protocol. Any modifications or extensions must be submitted to the committee for re-examination. Researchers are responsible for reporting any adverse events or protocol deviations.
