

Description of Additional Supplementary Files

File name: Supplementary Data 1

Description: Raw data for the ATPase measurement.

File name: Supplementary Data 2

Description: Procedures and results for the chemical synthesis of compounds used in this study.

File name: Supplementary Software

Description: ZIP file for Deep Quartet Software.

File name: Supplementary Movie 1

Description: Close-up view of DQ-02 binding site as shown in Figure 2.

File name: Supplementary Movie 2

Description: Close-up view of DQ-06 binding site as shown in Figure 3.

File name: Supplementary Movie 3

Description: Close-up view of DQ-18 binding site as shown in Figure 4.
