

Supplementary Figure 1. Colocalization plot of nine putatively causal traits with strong colocalization evidence for hypothyroidism. **a** CD3 on HLA DR⁺ CD4⁺ T cell. **b** CD3 on activated CD4 regulatory T cell. **c** CD3 on CD39⁺ activated CD4 regulatory T cell. **d** CD3 on secreting CD4 regulatory T cell. **e** CD3 on activated & secreting CD4 regulatory T cell. **f** CD3 on CD39⁺ CD4⁺ T cell. **g** CD3 on CD28⁺ CD4⁺ T cell. **h** CD3 on CD4 regulatory T cell. **i** 1-(1-enyl-palmitoyl)-2-oleoyl-GPE (p-16:0/18:1).
