

Description of Additional Supplementary File

File name: Supplementary Data 1

Description: Metadata for full mitochondrial database.

File name: Supplementary Data 2

Description: The source data behind the graphs in the paper.

File name: Supplementary Data 3

Description: NEXUS tree topology of African mitochondrial haplogroups.

File name: Supplementary Data 4

Description: NEXUS tree topology of L0k sequences.

File name: Supplementary Data 5

Description: NEXUS tree topology of L0f sequences.

File name: Supplementary Data 6

Description: NEXUS tree topology of L0d sequences.

File name: Supplementary Data 7

Description: NEXUS tree topology of L0a sequences.

File name: Supplementary Data 8

Description: NEXUS tree topology of L1c sequences.

File name: Supplementary Data 9

Description: NEXUS tree topology of L2a sequences.

File name: Supplementary Data 10

Description: NEXUS tree topology of L3e sequences.
