

Description of Additional Supplementary Files

File name: Supplementary Data 1

Description: Catalogue containing list of the deviatoric moment tensor solutions for the VT events (in ASCII format).

File name: Supplementary Data 2

Description: Catalogue containing list of the double couple moment tensor solutions for the VT events (in ASCII format).

File name: Supplementary Data 3

Description: Catalogue containing list of the full moment tensor solutions for the VT events (in ASCII format).

File name: Supplementary Data 4

Description: Catalogue list containing all the events divided in clusters, with respective deviatoric moment tensor solutions (in ASCII format).

File name: Supplementary Data 5

Description: Catalogue list containing the full moment tensor solutions for the VLP events (in ASCII format).
